The Journey to the Cross

03-17-2024

The triumphal entry, the teachings, the fellowship, the celebration, the prayer and supplication, the betrayal, the arrest, the desertion, the false trials, the denial, the scorn and derision, the critical choice, the final decision/sentencing, the condemnation, the beatings and mockery, the cross to bear, and the crucifixion. But thanks be to GOD that the story doesn't end there.
