

# Vitreous Painting with Sue Archer

## Subject: Dragonflies

Introduction to Vitreous Painting (Max – 8)

Friday and Friday

March 12 & 19, 2021

Time: 9 a.m. to 3 p.m.

Fee: \$150 includes all firings, materials and tools. Students bring lunch, drinks and snacks.

Vitreous painting is known to exist before medieval times and is often displayed in stained glass windows. Vitreous painting layers glass paints and colored glass, firing the glass between 1100F and 1450F for each major step. Some key differences from other types of painting are techniques needed and consideration of translucence/light in the design (in addition to reflected light). Two artists of note are Marc Chagall and Louis Comfort Tiffany.

Project Dimensions: 13 inches high x 3 inches wide
