CABINETRY

Home has a special and personal meaning that is unique to everyone. At Urban Effects Cabinetry, we want to help you celebrate home while adding function and beauty to improve how you use the space in which you live. There's no better feeling than coming home after a long, busy day to a place that you love – your sanctuary.

Cabinetry for your Whole Home!

Urban Effects Cabinetry is versatile and can be used in many areas of your home in addition to the kitchen. Bathrooms, laundry and mud rooms, living spaces, and basement bars are other spaces where cabinetry makes a huge impact.

Canadian Made

Urban Effects Cabinetry is proudly made in Canada, in the heart of the continent - Winnipeg, Manitoba. Our cabinets are sold through a well-established dealer network throughout the United States and across Canada.

Peace of Mind

Urban Effects Cabinetry is built to last. We stand behind the craftsmanship of each cabinet with a Lifetime Warranty, so you can rest assured that your investment is protected for as long as you own your home.

family MATTERS

1. THE WORK ZONES The peninsula is convenient for early morning breakfasts and is a great place for the kiddos to do their homework while preparing dinner. The second sink in the island is handy for both food prep and entertaining.

2. TRAFFIC FLOW For safety and functionality, maintain four feet of space between your main cabinet run and your island.

Open concept homes need a cohesive feel, yet should have grounding elements that define each living space.

it's all in the DETAILS

1. CREATE A FEATURE The neutral tone of the island blends with the space seamlessly, while the woodgrain pattern adds character.

2. LINEAR DESIGN Sight lines are important from all angles within an open concept home. Create a calming effect with clean lines in your design.

3. THE SCULPTURAL EFFECT This quartz waterfall countertop with marble-like veining has transformed this island into a work of art.

4. BACK SPLASH The subtle detail in this glass back splash tile adds a little sparkle to this kitchen.

If cooking is your passion, here are some essentials to include in your new kitchen to bring out your inner chef.

the FUNDAMENTALS

1

2

1. DEEP WOOD DOVETAIL DRAWER

Having deep drawers directly below your cook top keeps all of your pots and pans within easy reach.

2. BASE PANTRY PULL-OUT

Shelves in this pull-out are adjustable to accommodate tall oils or larger jars.

3

3. PANTRY WITH WOOD DOVETAIL SLIDE-OUT TRAYS

Each tray glides out with ease to reveal the entire contents of your pantry, allowing you to take quick inventory with just a glance!

Let your new kitchen
work harder for you by
choosing smart storage
solutions for every
work zone.

clever STORAGE

1. BASE DRAWER WITH CUSTOM HIDDEN CUTLERY DRAWER

Maximize every inch of drawer space. This deep drawer features a cutlery tray above with plenty of room for storage below.

2. PULL-OUT WASTE CENTRE WITH CUSTOM HIDDEN DRAWER

This waste management system allows you to manage waste and recycling all in one place. Bins are easily removable for cleaning.

3. BASE CABINET - METAL SLIDE-OUT TRAYS

If you prefer a sleek look for your cabinet interiors, choose the double wall steel drawer and slide-out tray system.

4. A SECRET CORNER

With all of the devices a family must manage today, it's handy to have a designated charging station. This one is nestled inside a lift up appliance garage. The door easily drops down to disguise all of the cords!

Clean lines and simple
yet thoughtful design is
the key to creating your
home spa.

soothing SANCTUARY

Looking for an escape at the end of the day? Create a spa-like retreat of your very own from our vanity collection. To successfully bring the design and feel of a spa into your ensuite bath, keeping the design simple and minimal is key. The high contrast between the deep Black Bean finish of the cabinetry and the crisp white walls and countertop creates a feeling of calm. The wall hung vanity floats above the floor adding to the light and airy feeling that this bath brings.

Placing a free-standing tub between vanities is both an excellent use of space and also creates an elevated high-end design.

luxe spa RETREAT

Everyone loves the convenience of having a double vanity in the ensuite, but what about having two individual vanities? Now that's next level! Individual vanities provide the same coveted convenience, while also giving each person their own space and additional storage.

What's the second
hardest working room in
your home? Yep, it's the
laundry room!

in an orderly FASHION

1. THE FOLDING STATION This built-in folding table features open shelving to organize laundry from sheets to delicates, each laundry load is organized.

2. DESIGNATED CUBBIES FOR EVERYONE Save valuable time each morning by creating a drop zone for every member in your family.

3. SEASONAL STORAGE In addition to storing household goods, this wall of pantries can store coats, boots and sports gear as the seasons change.

CABINET DOOR STYLES
