

# The Awesome Things I Love

## Teacher Planning Resource Fun Activity Ideas

1. **The People I Love Activity**— Using construction paper, have students cut out picture frames (Wallet size [2] and 4x6 [2]) and decorate them. Have students bring in pictures of their mom (wallet size), dad (wallet size), family (4x6), friend (4x6), and a self portrait (4x6). Have them share with the class what awesome things the people in the pictures do and why they love them.
2. **The Awesome Things You Love Activity**—Have students illustrate and share what things they love and why they are so awesome.
3. **Examine the Scenes**— For example, have the students look at the playground scene on Page 4. Reference the boy running on the playground. Ask the students about things the boy can run into if he does not pay attention while running.
4. **My Favorite Song**— Have students share their favorite happy song and illustrate it on paper. Have the students share why they love the song.
5. **Pajama Paper Activity**— Using construction paper, have students cut out the top and bottoms of pajamas. Allow them to design and decorate their own pajamas with colors of their choice. Following the activity, ask them questions and have them share about the inspiration for their designs.
6. **Write a Nursery Rhyme**— Have students write their favorite or an original nursery rhyme.
7. **Write Your Own Story** — Allow students to brainstorm an alternate ending, rewrite a page or parts of the book, or write their own version of the book. Allow students to get creative and make their own illustrations.
