

SALVATION THEATRE

July 16th, 2015

Salvation Theatre ~ we showed the movie, The Gospel of John by Buena Vista Home Entertainment. Two new young men came that we had met at the park and invited to church. With English as their second language, we were able to use Spanish subtitles on the movie so it was easier for them to understand, plus I was able to interpret our conversations so we all understood each other. As we chatted they told us a bit of their life stores including their religious upbringing. One had been brought up regularly going to mass and the other not.

We know what they hear and saw in the story of Jesus touched their lives. We prayed with them for;

- A greater understanding of all that Jesus has done for them.
- For their families, wives and children at home in foreign countries.
- For a greater understanding of the gospel and their need of receiving Christ Jesus as their Saviour.
- That they would sense the presence of Jesus in their lives in a special way during the coming week.

We look forward to answered prayers!
