It's interesting to see how the character 'Talkative' from our Illustrated Message this week in Pilgrim's Progress is similar to Jay Austin in [Flywheel!](#) He's a smooth talker, knows how to sell used vehicles to anyone and lives one way inside the church but outside and with his family he's very different. But his time has run out, his world is falling apart and only until he truly makes Jesus Christ Lord of his life, do things turn around. It's an excellent movie for the whole family!
