Based on the true story of the Woodlawn High School football team, [Woodlawn](#) takes you into the racial tension that existed in 1973 in Birmingham, Alabama. A young African-American Tony Nathan together with his coach and team mates battle against all odds to break down the walls of racial division. Through their new found faith in Jesus who was preached to them by Hank, the entire team seeks to show that there is a better way than hate and division, but love and acceptance through Christ Jesus. It is still a word for today!
