

November 26th, 2016

As you've been following our Illustrated Messages over the past year, you'll know that we've been reading the literary works of John Bunyan in *Pilgrim's Progress* and most recently *The Life and Death of Mr. Badman*. This documentary/drama visits where John was born, raised, was in prison and gives a tour through the John Bunyan Museum. It is well done, up to date and enlightens. A very good watch. [John Bunyan, The People's Pilgrim](#).
