

June 3rd and 10th, 2017

[The Dawning, Christianity in the Roman Empire](#) is a documentary by Day of Discovery. With an overview of modern day Rome, this documentary takes you to Pompeii, Herculaneum, Ephesus and other significant cities where the early Christians started churches but were also persecuted unto the strong rule of the Caesars of their day. It is fantastic with great narrative and challenges to us, Christians who still live in a persecuted society around the world.
