

November 18th & 25th

Jesus, Man, Messiah, or More? If you enjoy theological reviews and commentaries, this is a very good DVD series to watch put out by Day of Discovery. You can go to their [website](#) to order this series along with many other wonderful resources and documentaries. The most controversial topic covered throughout this series is the question that many around the world grapple with today and that is, is Jesus Christ the Son of God? It's an excellent series.
