[The Apocalypse](#) is an inspiring movie of the visions that the Apostle John received from Jesus Christ to the seven churches written in the book of Revelation. John, who was exiled to the Isle of Patmos by the Romans during their intense persecutions of Christians, is the last of the Apostles who personally witnessed the resurrection of Jesus. The whole book of Revelation is intense, with very vivid visions that he had while surviving on this desolate island. It's a must see and will truly inspire your faith!
