T-shirt Quilt – Order Form

A t-shirt quilt is a custom quilt that uses t-shirts, tank tops, sport jerseys, etc. that commemorate events or teams in which you or a loved one participated. As a custom quilt, certain artistic license will be used by the quilter and the final product may differ from your expectation...hopefully even better!

Look at the shirts you'd like made into a quilt. The 12" block is better for youth and small adult shirt sizes or small logos. The 15" and 16 1/2" blocks are great for adult shirts and large logos.

You provide the shirts, I'll return a completed quilt!
