

# Furget Me Not Adoption Policies

Please read through these policies carefully.

1. All applications are approved based on finding the best possible home for our cats. Upon reviewing an adoption application, we reserve the right to refuse an applicant. When appropriate we may recommend a better match from our adoptable cats/kittens.
2. Applicants that are currently renting their home are responsible for ensuring they have permission to have pets.
3. We expect potential adopters to conduct an in person visit with the cat(s). Exceptions may be made on a case by case basis by our Executive Director (i.e. for out of town adoptions).
4. Applicants are to be the intended owner(s) of the cat. Cats are not to be adopted as gifts.
5. All pets in the household must be spayed/neutered.
6. Applicants are responsible for transporting their new pet home and to subsequent necessary vet appointments.
7. Adoption fees are due at time of adoption. We do not do payment plans. Our adoption fees include:
  - a. For kittens under 6 months – dewormer, 2 FVCRP vaccines, microchip, spay/neuter. Pre-op bloodwork, 3<sup>rd</sup> FVCRP vaccine and rabies vaccine are not included and are to be done at the discretion of the owner.
  - b. For cats over 6 months, specifics of any outstanding vet services to be included in the adoption fee will be specified in writing at the time of adoption.
8. Should you no longer be able to care for a cat, it will be surrendered back to Furget Me Not. Refunds will be at the discretion of our Executive Director.
9. Medical records are provided at the time of adoption. Should there be any pre-existing/underlying medical issues with the cat they will be disclosed at this time. If you have any questions or concerns it is your responsibility to clarify before the adoption is complete.

Should your cat require veterinary care within 10 days of adoption, please make an appointment with Windermere Animal Hospital. Should our vet determine that the root cause of the visit occurred while the cat was in our care, we will deal with the clinic directly to cover costs.

Any expenses incurred from a clinic other than Windermere Animal Hospital will be reviewed on a case by case basis by our Executive Director, and any reimbursement is capped at \$375. We are not responsible for any new illness or injury that occurs once the animal is in your care.
