

Galilee Community Development Corporation

Matthew 25:40 Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me.

August 9, 2023

To Whom this may concern,

Galilee Community Development Corporation is a Non-Profit organization that provides and restores affordable housing for low to moderate income residents throughout the Concho Valley. We have had the pleasure and blessing to work with Bunk and a Prayer twice this past year.

One family moved into one of our transitional housing rental homes. This was a single mom who left an abusive relationship. She had next to nothing, but with the help from Bunk and a Prayer, we all were able to provide her son with a twin bed and brand-new bedding. The team who came in to set up the bed could not stop talking about how excited they were to finally have the opportunity to give away the basketball bedding they bought.

The second blessing came to one of our first-time homebuyers. The year leading up to her home being built, she hit a financial rough patch and had to sell most of her items. Upon moving in, she shared with me that her two-year-old son was sleeping in her bed with her because she had to sell his bed to pay the bills before moving into their forever home. This broke my heart, so I reached out to Bunk and a Prayer again, and they were able to provide this beautiful two-year-old a new bed for his new room, in his new home.

Living and serving our community within the Concho Valley is blessing in of itself, but having relationships with other non-profits, who have hearts of gold, is what makes my job not only easier, but becomes a full circle of service to our community members in need. Without organizations like Bunk and a Prayer, many families within our community would be going without. Our children would be sleeping on floors, or in crowded beds. Babies would not feel safe in their own rooms, but with the help and love that comes from Bunk and a Prayer, our youth are able to have safe, good night's rest.

Sincerely,

Emily Lloyd
New Home Coordinator, Galilee CDC
