

# TYNDALL PARK PLAY SCHOOL

JANUARY 2026

**Cheers to 2026!** Hope you all had a happy holiday. It was lovely to meet everyone at the Winter Celebration last December. Hope you all enjoyed the children's presentation. We are grateful for your kind words and thoughtful gifts.

Thank you as well for your generous donation for the Christmas hamper both for the seniors and the family.

## INDOOR FUN

At Playschool, sensory play is an essential part of a child's learning journey! Through hands-on exploration of different textures, materials, and sensations, our little ones develop crucial skills like fine motor control, problem-solving, and creativity. Sensory play involves activities that stimulate children's senses: touch, sight, sound, smell, and sometimes taste (under close supervision!).

In our program, we love using materials like:

**Water:** Pouring, splashing, and experimenting with water play

**Sand:** Digging, molding, and discovering textures in our sandbox

**Shredded Paper:** Squishing, tossing, and practicing fine motor skills with paper shreds

**Lids & Containers:** Exploring shapes, sizes, and problem-solving with lids on/off

and soon, **SNOW!**

*(You can surely do these fun activities at home, too!)* 😊

# TYNDALL PARK PLAY SCHOOL

JANUARY 2026

For children age 3 to 4 years old

Feel free to share this info!

## DRESSING UP FOR COLD WEATHER

### Thick sweater

With a hood to keep your head warm

**TIP:**

Adding layers will help keep you warm as the temperature drops

### Winter Accessories

#### HAT

For your head and ears

#### SCARF

For your neck and face

#### GLOVES

Insulated – water-proof would be ideal

**TIP:**

During extreme cold, keep all skin covered and spend as little time as possible outside

### Winter boots

Water-proof footwear will keep your feet dry, with good grip for when walking on snowy or icy paths

### Light jacket

Wind-resistant would be ideal

**TIP:**

For extra warmth, wear extra undergarments (like tights and thicker socks)

### Winter jacket

Thick outerwear to keep out wind and wet snow – longer length would be ideal
