

Plum Pollination Chart	Superior	Black Ice	Mount Royal (Self-Fertile)
Superior		*	
Black Ice	*		
Mount Royal	*	*	

#### Spacing Guidelines

- **Standard Trees:** 20–25 feet apart.
- **Semi-Dwarf Trees:** 15–20 feet apart.
- **Dwarf Trees:** 10–15 feet apart

#### Planting Tips

- **Soil & Location:** Choose elevated, sunny spots to avoid late spring frosts. Soil should be fertile; add compost to improve, but
- avoid heavily amending clay.
- **Pollination:** Most plums require a second tree of a different variety that blooms at the same time for fruit production.
