

# FRIENDS OF BAY SOCCER

---

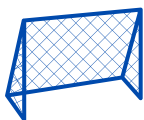

## WHO WE ARE

Friends of Bay Soccer (FOBS) is a nonprofit athletic booster club committed to assisting the Whitefish Bay High School girls and boys soccer programs by supporting team needs and developing a community-based following.

All funds raised through FOBS go directly to benefit the high school program. School funding only goes so far, making the support of our booster club critical to the program's success. Please consider donating.

In years past, FOBS has funded goals, replacement nets, a video camera system used to record games, training equipment, new parkas, training shirts, senior nights, transportation, team outings, and more.
