## The 2nd Sub-Conference of Young Academy of Sciences Summit (YASS)

The second Sub-Conference of the Young Academy of Sciences Summit was successfully convened on 30 May 2024 at Hong Kong Science Park, serving as a platform for the exchange of ideas among budding scientists with a focus on the applications of AI for Science and Engineering.

The opening ceremony was graced by the presence of Albert WONG, the Chief Executive Officer of the Hong Kong Science and Technology Parks Corporation, who delivered the Opening Remarks, and Denvind LAU, who conveyed the Welcome Message at the beginning.

During the event, Chi Ying TSUI, Edith NGAI, and Stanley CHAN presented their groundbreaking discoveries in AI in Transformative Engineering Innovation. Tak Ming CHAN, Jiayu CHEN, and Jung In KIM shed light on AI in Construction Industry. Furthermore, Guanhua CHEN, Oscar DAHLSTEN, and Xin WANG imparted their insights on AI in Quantum Science. The conference sessions were moderated by Giulio CHIRIBELLA, Edmund LAM and Devid LAU.

Giulio CHIRIBELLA delivered the concluding remarks for this sub-conference.

## The 1st Sub-conference of YASS

The 1st Sub-Conference of the Young Academy of Sciences Summit (YASS) took place on March 8, 2024, focusing on "Life Science." The event focused on the Stem Cells and Regenerative Medicine.

Kathy LUI began the conference with a warm welcome, followed by opening remarks from Anthony Tak Cheung CHAN, Vice-President (Alumni Relations and Advancement) of CUHK, and Rose WANG from New Cornerstone Science Foundation.

The Sub-Conference showcased presentations from world-renowned scientists who shared their latest research findings and cutting-edge technologies. The sessions included insights on Emerging Technology in Regenerative Biology from experts such as Kenneth POSS, Kelley YAN, Purushothama Rao TATA, Shuibing CHEN, Yang HU, Chun Kit KWOK, and Bin ZHOU. Additionally, Kathryn CHEAH, Ting XIE, and Pengtao LIU discussed Animal Models for Stem Cell Research, with Albert CHEUNG serving as the moderator. Engaging discussions on Stem and Progenitor Cells in Disease were led by Stephanie MA, Kai LIU, and Kathy LUI, with Carmen WONG as the moderator. The Sub-Conference concluded with remarks from Anderson SHUM.

Dennis LO, Stephanie MA, Yuk-lin CHOI, and 3 representatives from secondary school principals' associations were invited to officiate the kick-off ceremony.

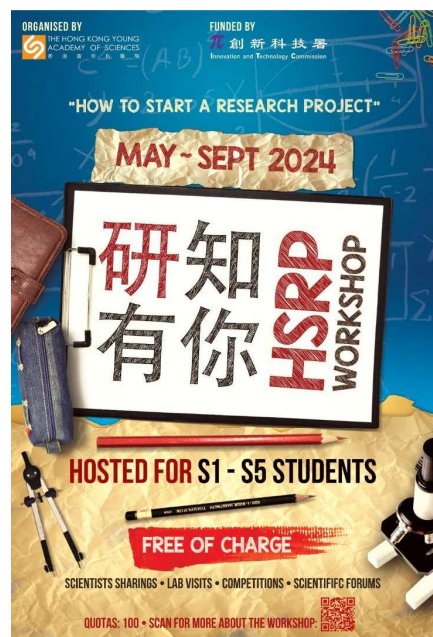

## HSRP Workshop 2024

YASHK has launched the third year of "How to Start a Research Project" Workshop, designed for Secondary 1 to Secondary 5 students to sharpen their skills in carrying out scientific research. YASHK Members will lead the workshops to teach the secondary school students effective ways to start a research project and to improve their analytical, planning, organising and presentation capabilities.

## Outreach Science Popularization Talks and Lab Visit- "Meeting the Scientists"

YASHK Members were invited by ASHK Community Education Centre to give talks to local secondary school students, sharing their stories on becoming successful scientists. Carmen WONG spoke to Christian and Missionary Alliance Sun Kei Secondary School students on February 5, 2024, and hosted a laboratory visit for Pui Ching Middle School students on May 9, 2024. Denvind LAU shared his stories with St. Paul's Co-Educational College on April 29, 2024.
