

Voices of RECOVERY

September 21, 2019 • 4pm - 8pm
Orange County Community Center

Presented By:

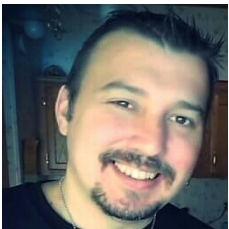

Voices of Recovery is an annual event to increase awareness and understanding of mental and substance use disorders and celebrate people who recover. Visit exhibitor booths to learn about resources available in our area and listen to the success stories of three people who have overcome addiction. Special recognition of those in attendance who are in recovery will end the evening.

As an enthusiastic supporter of Safe Haven, Porky's is providing a BBQ meal that will be available to attendees for a nominal charge. All proceeds from food sales will benefit Safe Haven. Other donations can be made at the event.

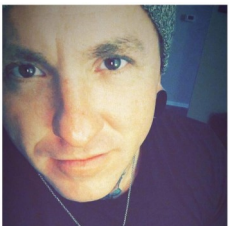

Lisa Livingston

A familiar face to Southern Indiana residents, Lisa's high profile court case made news when the Indiana Supreme Court made an unprecedented decision to reverse her 30-year prison sentence. She credits her arrest in 2013 to saving her life and recently celebrated six years of sobriety. Lisa is the founder and Executive Director of The Breakaway – a recovery home for women.

Jason Lindsey

Once an addict with nothing left and only months to live, Jason has taken back everything he lost and dedicates his life to help others do the same through the power of Jesus Christ. Jason is the pastor of Love Never Fails Christian Church in West Baden, IN where he helps others who have lost everything to their addiction.

Marty Norman

Marty is not only a person in long-term recovery, but also the voice of hope for the hopeless and breaks the silence that is killing people. His passion is to help people find the treatment and recovery they need. Marty owns three recovery homes in Terre Haute and is a certificated national interventionist, certified recovery specialist, national outreach coordinator and a public speaker.

Are you or a family member struggling with substance use disorder? Safe Haven is always here to help. We'll connect you to resources needed for a successful recovery.
