Who We Are:

Safe Haven Recovery Engagement Center is a Regional Recovery Hub, supported by the IRN and DMHA, and dedicated to promoting and maintaining recovery from substance use in the five following counties: Orange, Dubois, Crawford, Washington, Daviess, Martin, Pike, and Perry.

What We Do:

- Access to one on one support with a Certified Peer Recovery Coach.
- Clearinghouse of resources for those in recovery or ready to start recovery.
- Community education and awareness, stigma reduction regarding the disease of substance use.
- Collaborate and connect with other organizations in the community.
- Ability to increase the number of peer support meetings such as AA, NA, and Celebrate Recovery.
- Connection to social services such as employment, food, housing, medical care and transportation.
- Access to the life-saving overdose reversal agent, Narcan (free to any community member).

Why It Matters:

- Isolation from COVID has increased overdose rates nation wide, over 100,00 from April 2020 to April 2021.
- 80% of employers are affected by substance use.
- Employers could save \$3,000 per employee by assisting in recovery rather than termination - in turn, decreasing turnover and increasing productivity.
- Since Safe Haven's opening on February 1, 2019, we've had 250 people come through the door for services. Since start of our grant cycle in Feb. 2021, we have served over 1,000 people already!
- We know Southern Indiana is a great place to work and live. Therefore, we should be investing in our community's future!

Where Your Money Goes:

- Sponsorships from this event go towards transportation, educational events and harm reduction supplies such as Narcan and Fentanyl test strips.
- Sponsorships from this event go towards the maintenance and up keep of our building: about \$6,000 per year needed.
