PFECT-A

PRO-LINE

Pro Age

- NMN + NAD Serum
- Spider Web Cream

Pro Barrier

- Ceramide Ampoule
- Sitosterol 0.5% Cream

Pro Vitamin

- Low pH Cleanser
- Vitamin-K Cream

PRO AGE

CLINICALLY FORMULATED TO REDUCE VISIBLE
SIGNS OF AGING, IMPROVE SKIN DENSITY,
AND RESTORE STRUCTURAL INTEGRITY FOR A
MORE LIFTED, REFINED APPEARANCE.

(FINE LINES AND WRINKLES)

(LOSS OF FIRMNESS AND ELASTICITY)

NMN+NAD⁺SERUM

PRO AGE CELLULAR BOOSTER

A powerhouse formula designed to boost cellular energy, support skin repair, and combat signs of aging. Infused with NMN and NAD, it enhances skin resilience, improves elasticity, and restores a youthful glow.

(BOOST SKIN VITALITY) (IMPROVES ELASTICITY) (YOUTH BOOST) (ANTI-AGING)

NMN

NMN is a direct precursor to NAD⁺ and plays a critical role in cellular energy metabolism. In topical application, it supports skin cell function by promoting repair processes, enhancing epidermal renewal, and counteracting visible signs of chronological aging.

NAD⁺

NAD⁺ is essential for mitochondrial function and DNA repair, both of which decline with age. By replenishing NAD⁺ levels in the skin, this serum helps restore dermal vitality, improve resilience, and reduce the appearance of fine lines, uneven texture, and age-related degradation.

NMN+NAD⁺SERUM

PRO AGE CELLULAR BOOSTER

HOW TO USE:

Apply 2-3 drops onto clean, dry skin. Gently pat and press until fully absorbed. Follow with Pfect-A Spider Web Cream. Ideal for daily use, morning and night.

IDEAL FOR:

- Skin showing signs of premature or biological aging
- Dull, fatigued skin lacking metabolic vitality
- Fine lines, uneven texture, and reduced skin elasticity
- Clients seeking advanced cellular renewal and longevity-focused skincare

SPIDERWEB CREAM

PRO AGE CELLULAR BOOSTER

An ultra-advanced anti-aging solution designed to lift, firm, and restore skin's youthful structure. Inspired by the strength and elasticity of spider silk, this innovative formula deeply hydrates, smooths fine lines, and enhances skin resilience for a sculpted, rejuvenated look.

(TIGHTEN & FIRM) (STIMULATE COLLAGEN PRODUCTION) (IMPROVE SKIN TEXTURE)

SPIDER WEB EXTRACT

A biomimetic formulation utilizing the tensile strength and structural properties of spider web extract to support dermal firmness. Clinically developed to enhance skin elasticity, promote collagen synthesis, and deliver a visibly lifted, more resilient appearance.

Spider Web Extract → Enhances extracellular matrix (ECM) support → Improves dermal firmness and biomechanical skin properties

SPIDERWEB CREAM

PRO AGE CELLULAR BOOSTER

HOW TO USE:

Apply a 2pumps to the face and neck as the final step of your skincare routine. Gently massage in upward motions until fully absorbed. Use morning and evening for optimal firming and lifting results.

IDEAL FOR:

- Skin showing signs of premature or biological aging
- Dull, fatigued skin lacking metabolic vitality
- Fine lines, uneven texture, and reduced skin elasticity
- Clients seeking advanced cellular renewal and longevity-focused skincare

PRO BARRIER

DESIGNED TO SUPPORT IMPAIRED SKIN
FUNCTION, REDUCE REACTIVITY, AND
ACCELERATE RECOVERY IN COMPROMISED OR
SENSITIZED SKIN CONDITIONS.

(WEAKENED OR IMPAIRED SKIN BARRIER)

(IRRITATION + SENSITIVE)

CERAMIDE AMPOULE

9,900PPM

PRO BARRIER

Pflect-A Pro Barrier Ceramide Ampoule is a highly concentrated formula containing 9,900ppm of ceramides, the essential lipids that form the skin's natural protective barrier.

This ampoule is meticulously crafted to restore, strengthen, and replenish the skin's moisture barrier, helping to prevent dryness, irritation, and sensitivity.

(RESTORE + STRENGTHEN) (REPLENISH MOISTURE BARRIER) (PREVENT DRYNESS + IRRITATION)

7 TYPES CERAMIDE

Formulated with a comprehensive blend of seven structurally distinct ceramides to mimic and reinforce the skin's natural lipid matrix.

7 Ceramides → Reinforce lipid barrier structure → Improve moisture retention and skin resilience

KEY INGREDIENTS

CERAMIDE NS (CERAMIDE1)

- * Strengthens skin's natural defenses
- * Enhances hydration by reducing transepidermal water loss (TEWL)
- * Supports overall barrier function and skin smoothness

CERAMIDE NG (CERAMIDE2)

- * Improves skin elasticity and softness
- * Provides anti-aging benefits by reinforcing barrier integrity
- * Supports skin's protective functions against environmental stressors

CERAMIDE NP (CERAMIDE3)

- * Enhances skin's natural moisture retention
- * Supports barrier repair and resilience
- * Helps smooth dry, rough skin by restoring lipid balance

KEY INGREDIENTS

CERAMIDE AS (CERAMIDE 5)

- * Boosts skin's moisture retention
- * Contributes to barrier repair and protection
- * Helps maintain skin softness and suppleness

CERAMIDE AP (CERAMIDE 6-II)

- * Promotes skin cell regeneration
- * Soothes and calms irritated or sensitive skin
- * Helps reduce redness and inflammation

CERAMIDE EOS

- * A key lipid that binds with fatty acids to form a waterproof barrier
- * Essential for long-lasting moisture retention
- * Helps maintain skin flexibility and strength

CERAMIDE EOP

- * Works synergistically with Ceramide EOS to enhance the lipid matrix
- * Contributes to skin's barrier impermeability
- * Provides resilience against environmental damage and dryness

CERAMIDEAMPOULE

9,900PPM

PRO BARRIER

HOW TO USE:

Apply 2-3 drops onto clean, dry skin. Gently pat and press until fully absorbed.
Follow with cream. Ideal for daily use, morning and night.

IDEAL FOR:

- * Dry, dehydrated, and sensitive skin
- * Post-treatment skin needing barrier repair
- * Skin prone to redness, irritation, or eczema
- * Anyone seeking stronger, healthier skin barrier support

SITOSTEROL 0.5% CREAM

PRO BARRIER

Pro Barrier Sitosterol 0.5% Cream is a concentrated barrier-repair formula designed to calm irritated skin, reduce redness, and restore barrier integrity. Powered by 0.5% β -Sitosterol, a plant-derived anti-inflammatory compound, this cream provides fast, lasting relief for stressed, reactive, or post-procedure skin.

Whether used daily or after intensive treatments, this cream strengthens skin defenses and delivers essential comfort to compromised complexions.

(REDUCE INFLAMMATION) (SKIN BARRIER) (HYDRATION) (ACCELERATES RECOVERY)

B-SITOSTEROL 0.5% + PRO VITAMIN B5 + SQUALENE

β -Sitosterol, a powerful phytosterol that mimics cholesterol in the skin, reducing inflammation and supporting healthy lipid balance.

SITOSTEROL 0.5% CREAM

PRO BARRIER

HOW TO USE:

Apply a thin layer to clean, dry skin. Use morning and night, or as needed on areas experiencing dryness, sensitivity, or irritation. Ideal after treatments or during flare-ups.

IDEAL FOR:

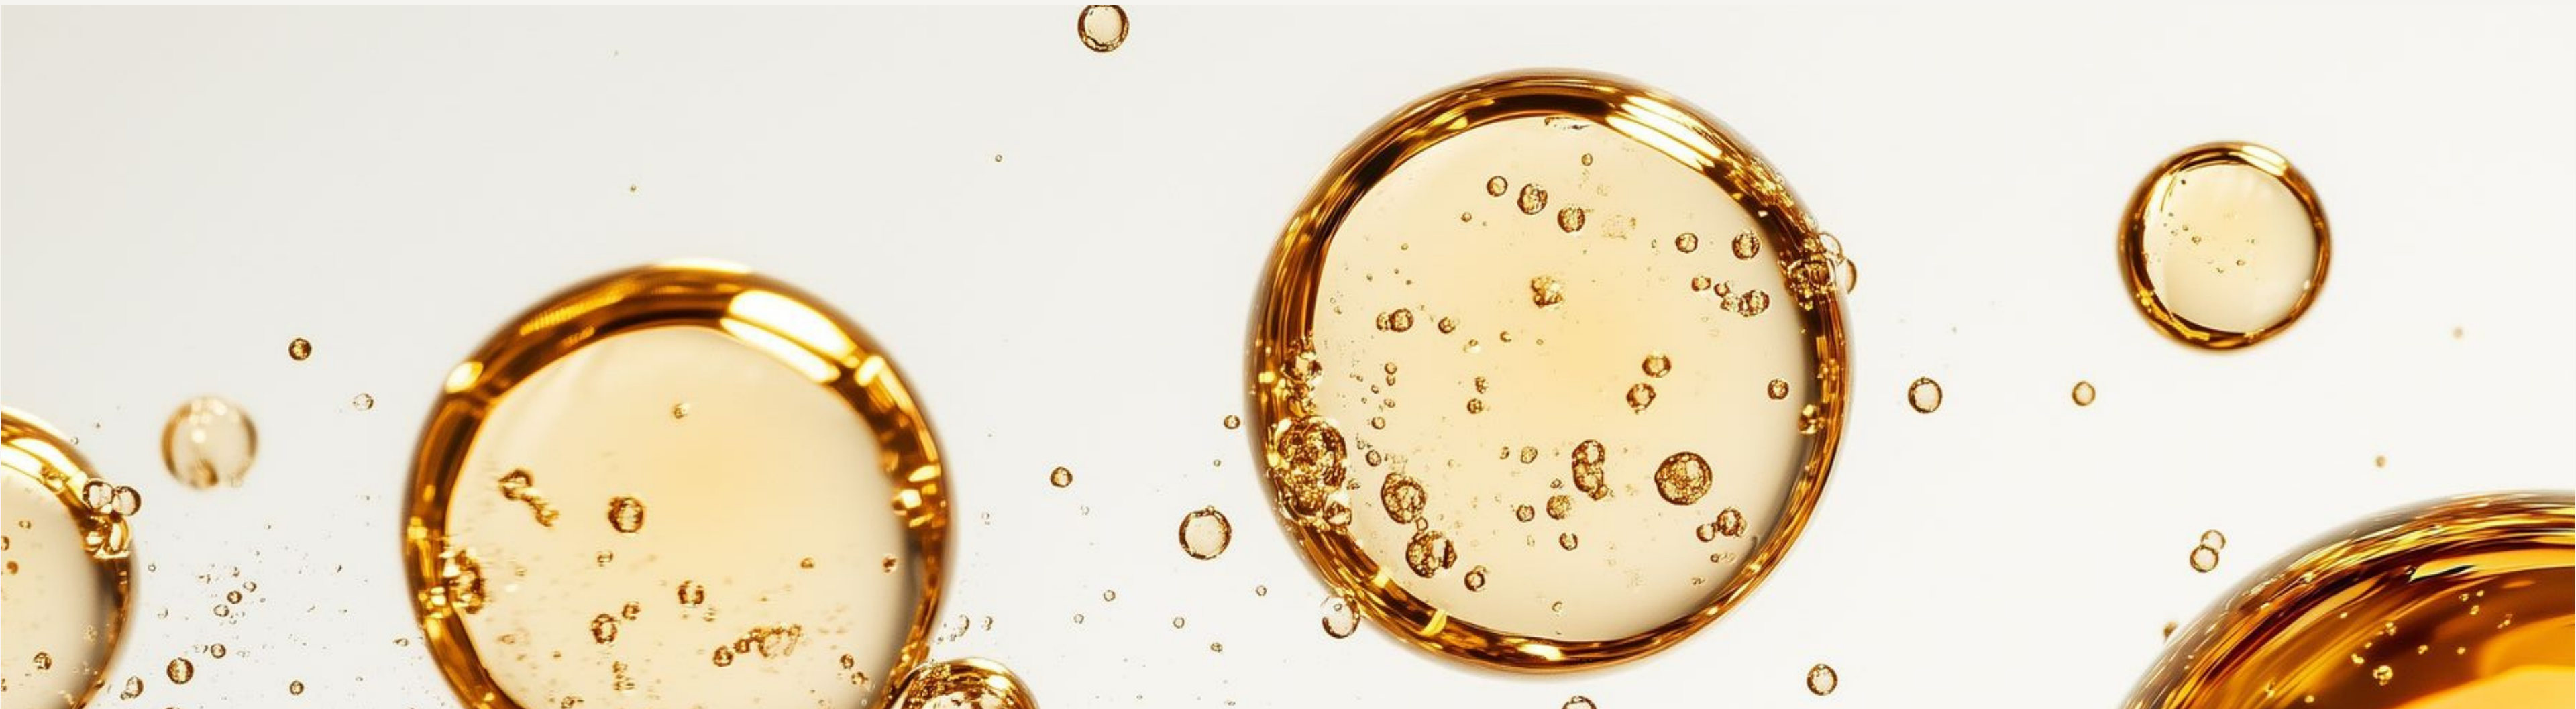

- * Redness, irritation, or inflammation
- * Post-procedure or sensitized skin
- * Dry, barrier-compromised, or eczema-prone skin
- * Daily barrier support for reactive skin types

PROVITAMIN

TARGETS SKIN FATIGUE AND UNEVEN TONE BY
PROMOTING EPIDERMAL CLARITY, RESILIENCE,
AND OVERALL DERMAL VITALITY.

(UNEVEN SKIN TONE AND DULLNESS)

(SKIN IN NEED OF REVITALIZATION OR MAINTENANCE)

LOW PH CLEANSER

pH 3.5 - 4.9

PRO VITAMIN

Pro Vitamin Low pH Cleanser is specially formulated with a skin-friendly pH of 3.5 to 4.5, closely matching the natural acidity of healthy skin. This ensures a gentle yet thorough cleanse that maintains the skin's delicate acid mantle, preventing dryness, irritation, and barrier disruption. Ideal for Sensitive and Acne-Prone Skin

(MAINTAINS SKIN'S NATURAL PH) (NON-STRIPPING CLEANSING) (ENRICHED WITH PRO VITAMINS)

GENTLE, EFFECTIVE CLEANSING FOR HEALTHY, BALANCED SKIN

- * Pro Vitamins: Hydrates and soothes skin
- * Mild Surfactants: Cleanse effectively without harshness
- * Skin-Conditioning Agents: Help maintain softness and moisture balance

APPLICATION TECHNIQUES

WHY USE A LOW PH CLEANSER IN THE **MORNING**

GENTLY BALANCES SKIN AFTER SLEEP

Overnight, your skin produces sebum and sheds dead skin cells. A low pH cleanser helps gently remove this buildup without stripping your skin's natural moisture barrier.

SUPPORTS SKIN'S NATURAL ACID MANTLE

The skin's protective barrier functions best at a slightly acidic pH (~4.5–5.5). Morning use of a low pH cleanser helps maintain that balance, preventing irritation, dryness, and sensitivity throughout the day.

PREPARES SKIN FOR BETTER PRODUCT ABSORPTION

Clean skin at the right pH allows your morning serums, moisturizers, and sunscreen to absorb more effectively and work at their full potential.

APPLICATION TECHNIQUES

WHY USE A LOW PH CLEANSER IN THE **MORNING**

REFRESHES WITHOUT OVER-CLEANSING

A low pH formula is gentle enough to cleanse without disrupting the skin, making it ideal for morning use when the skin hasn't been exposed to makeup, pollutants, or heavy debris.

CALMS MORNING REDNESS & SENSITIVITY

Low pH cleansers tend to be non-foaming, sulfate-free, and soothing, helping calm any inflammation or puffiness you might wake up with.

PERFECT FOR BARRIER-IMPAIRED OR ACNE-PRONE SKIN

If your skin is acne-prone, sensitive, or undergoing active treatment (like retinoids), using a gentle morning low pH cleanser helps prevent over-drying and maintains barrier integrity.

WHY NOT USE IT AT NIGHT?

NIGHTTIME REQUIRES DEEPER CLEANSING

At night, your skin may carry makeup, sunscreen, pollutants, and excess oil, requiring a more thorough or dual-step cleanse (e.g., oil cleanser followed by a gel or foam). Our morning cleanser is ultra-gentle and optimized for refreshing the skin, not removing heavy buildup.

LIGHTWEIGHT FORMULA, MINIMAL SURFACTANTS

This cleanser is made with minimal surfactants and a non-stripping formula, perfect for the morning when your skin doesn't need aggressive cleansing. At night, a more robust cleanser might be better suited to fully clear pore-clogging residue.

PRESERVING THE SKIN BARRIER OVERNIGHT

Heavy-duty nighttime products like retinoids or exfoliating acids can temporarily alter the skin's pH. A strong cleanser at night can over-sensitize the skin, but starting the day with a gentle, low pH cleanser resets and reinforces the barrier before environmental exposure.

LOW PH CLEANSER

pH 3.5 - 4.9

PRO VITAMIN

HOW TO USE:

Apply a small amount to damp skin. Gently massage in circular motions to cleanse, then rinse thoroughly with lukewarm water. Use morning and night for best results.

IDEAL FOR:

- * All skin types, especially sensitive, acne-prone, or dry skin
- * Skin needing gentle cleansing that respects natural pH balance
- * Those seeking a nourishing daily cleanser without irritation

VITAMIN-K CREAM

PRO VITAMIN

Pro Vitamin Vitamin K Cream is formulated to strengthen fragile capillaries, reduce visible redness, and support healing. Vitamin K is a key nutrient known for its role in minimizing bruising, broken capillaries, and post-procedure discoloration, while pro vitamins and botanical extracts nourish and restore the skin barrier.

Perfect for daily use or after professional treatments, this cream calms compromised skin and restores clarity to uneven or reactive complexions.

(REDUCES REDNESS) (UNDER-EYE CIRCLES) (STRENGTHEN CAPILLARIES)

VITAMIN-K (MENADIONE) + BOTANICAL EXTRACTS

* Supports microcirculation, reduces discoloration, and strengthens vascular walls. With the support of Botanical Ex for calming, soothing and hydrating.

VITAMIN-K CREAM

PRO VITAMIN

HOW TO USE:

Apply a small amount to clean, dry skin. Gently massage onto areas of concern, such as under eyes, cheeks, or post-treatment zones, until fully absorbed. Use twice daily for best results.

IDEAL FOR:

- * After lasers, fillers and injectable facials
- * Bruised or post-procedure skin
- * Broken capillaries or under-eye discoloration
- * Anyone seeking stronger, clearer, and calmer skin
