

TradeRoutes

TradeRoutes Apothecary is a one of kind healing boutique born out of love and a desire to 'help humans heal'. TradeRoutes began in April 2020 as a love-project by life-partners Michael Fry and Narineh Gharashor to provide all-natural, aromatherapy, self-care and home remedies to a small group of close friends, co-workers and family members. However, news of the handmade, small batch, globally sourced botanicals spread and as more and more orders began to pour in, TradeRoutes evolved into a start-up health and wellness business.

As the founders of TradeRoutes Apothecary, we are deeply grateful for the opportunity to share our love for botanicals and their power to renew, refresh and revive. TradeRoutes Apothecary products are formulated using 100% therapeutic essential oils, herbs, flowers and roots sourced from around the world that deliver timeless self-care solutions to our clients. Essentially, we are a spiritual business and feel blessed to be doing what we love to do and that what we love to do is of service to the positive movement of humanity.
