

Allied Health & Specialist Policy

Effective 1 July 2026 | Rebates updated in line with the July 2026 MBS indexation

This is a cashless practice — EFTPOS and credit card payments only. A surcharge applies to online payments.

How Rebates Work

Some practitioners require an out-of-pocket fee. Rebates may be available to patients with a valid Care Plan or Referral. Fees must be paid upfront — we process your Medicare rebate for you, which is transferred on the spot or to your linked bank account within 1-2 business days, subject to eligibility. If you don't have Medicare, you can use your receipt to claim from your private health insurer, if eligible.

Cancellation Policy — 24 Hours Notice Required

Practitioner	Cancellation Fee
Physiotherapist / Dietitian	\$70.00
Psychologist / General Surgeon	\$100.00

An email/text reminder is sent 72 hours before your appointment. If you've opted out of our reminder system, you won't receive one — the responsibility for attending or cancelling on time lies with the patient.
