Renmore FC launch big fundraising draw

Renmore soccer club recently launched their limited draw in The Huntsman Bar during their recent table quiz. A good crowd was in attendance when the chairman of the club, Michael Crowe officially launched the club's latest venture.

Mike stated that the number one priority for the dedicated and hard working committee is the development of a clubhouse.

"It is not good enough in this day and age for underage members and visiting teams to have to tog out on the side of the pitch" he said. This is the motivation behind the club-300 limited draw. All of the proceeds of the draw will go towards the development of the clubhouse.

The committee is encouraging every family that is involved in the club at present to buy one ticket at a cost of €130 or €12

per month by direct debit.

There is €12,000 in prize money consisting of a monthly prize of €1000. The committee would also like all Renmore soccer club past members, friends and associates to give their support to this venture.

Renmore AFC was founded in 1973 by the current honorary president Mr. Bernard Shapiro and has a current membership of over 200 juvenile and 50 adult players. The club fields 12 competitive teams in competitions at local and regional level. These comprise all age groups from six years of age up to adult players.

In order to make the new clubhouse a reality the committee needs the support of the community and are requesting people to get involved with the Club-300 Limited Draw.
