We firmly believe that, as parents themselves participate in and give of themselves to the life of the Nursery School, they join more closely with their children in sharing the rewards of this experience. For this reason, we invite you to take part in the parent program. **We invite you to participate in the classroom**, by sharing a talent, hobby or collection, helping with a project, reading a story. **We invite you to be a helper**. From time to time, we find that our equipment, both indoor and outdoor, needs some refurbishing or repair. For most tasks, time and elbow grease are the only requirements. Several times a year, there are work parties for tasks like painting the outdoor equipment and working to spread mulch. There is something for everyone, and we really appreciate your help and support. Thank you!

We invite you to indicate below your interests and willingness to help in these areas.
