

Another Great Vintage Radio Auction

Auction Location 608 Cleveland Road, Granbury, Texas, 76049, United States

Auction Details

This is a consignment auction focusing on collectible radios from the 1920's to 1960's.

Included will be one of the most desirable and seldom seen radios for sale on the auction market, Zenith model 1000Z Stratosphere. Also, Tom Burgess, a long time collector (seen on the History Channel's American Pickers) will be downsizing his vast collection as part of this sale.

Where possible, every attempt has been made to determine status of each item in this auction, both physical and electrical, at time of testing. However, no guarantees are expressed or implied and all items are sold "as is where is". An indication of "works" simply means minimal testing was done and item does operate at some level. Additional repairs may or may not be necessary.

Another Great Vintage Radio Auction

Auction Location 608 Cleveland Road, Granbury, Texas, 76049, United States

Auction Details

This is a consignment auction focusing on collectible radios from the 1920's to 1960's.

Included will be one of the most desirable and seldom seen radios for sale on the auction market, Zenith model 1000Z Stratosphere. Also, Tom Burgess, a long time collector (seen on the History Channel's American Pickers) will be downsizing his vast collection as part of this sale.

Where possible, every attempt has been made to determine status of each item in this auction, both physical and electrical, at time of testing. However, no guarantees are expressed or implied and all items are sold "as is where is". An indication of "works" simply means minimal testing was done and item does operate at some level. Additional repairs may or may not be necessary.

Another Great Vintage Radio Auction

Auction Location 608 Cleveland Road, Granbury, Texas, 76049, United States

Auction Details

This is a consignment auction focusing on collectible radios from the 1920's to 1960's.

Included will be one of the most desirable and seldom seen radios for sale on the auction market, Zenith model 1000Z Stratosphere. Also, Tom Burgess, a long time collector (seen on the History Channel's American Pickers) will be downsizing his vast collection as part of this sale.

Where possible, every attempt has been made to determine status of each item in this auction, both physical and electrical, at time of testing. However, no guarantees are expressed or implied and all items are sold "as is where is". An indication of "works" simply means minimal testing was done and item does operate at some level. Additional repairs may or may not be necessary.
