

Perth Barrett's Masterclass 2024

Thursday 07th November 2024
The Westin Perth

Course convenors: Dr Niroshan Muwanwella & Prof Krish Ragnath

Course Convenors: Dr Niroshan Muwanwella & Prof Krish Ragnath

WELCOME!

Dear Colleagues,

Following on from last year's inaugural Endoscopy Masterclass, it is with great pleasure that RPH Gastroenterology team extend this invitation to you for the upcoming Perth Barrett's Masterclass to be held at The Westin Perth, on 7th November 2024

This will be a bespoke event that will cover a wide variety of topics pertaining to Barrett's Oesophagus from diagnosis to management.

This educational event will be conducted under the auspices of the WA Barrett's Oesophagus Registry (WABOR). WABOR focusses on advancing our understanding of Barrett's oesophagus, preventing oesophageal cancer and improving outcomes for patients suffering from chronic reflux disease and Barrett's oesophagus. Patients and medical personnel education is a core activity of WABOR and as such this will be the focus of this event

The conference will feature a diverse array of activities, including lectures by experts, case discussions on evidence-based management of Barrett's and live endoscopy demonstrations showcasing the latest techniques including demonstration of cryotherapy ablation for dysplastic Barrett's for the first time in Australia.

Royal Perth Hospital has been a trailblazer in cutting-edge endoscopy practices in Australia, starting with the introduction of HALO ablation and Double Balloon Enteroscopy in WA as far back as 2007. Currently RPH is one of the largest volume ESD (Endoscopic Submucosal Dissection) centres for Barrett's Oesophagus in Australia.

This conference serves as a testament to our commitment to advancing medical science and improving patient care. This would serve as a platform to share our insights with the broader medical community.

We invite you to be a part of this event, to collaborate with peers, to explore the latest advancements in Barrett's Oesophagus. We look forward to sharing this enriching experience with you.

Warm regards,

Faculty

International Faculty

Prof Prasad Iyer,
Mayo Clinic,
Phoenix, USA

Prof Jacques Bergman,
Amsterdam University
Medical Centre, NL

Dr Vinay Sehgal,
University College
London Hospital,
London, UK

Mr Sri Ganesh Thrumurthy,
National University Hospital,
Singapore

National Faculty

Prof Rajvinder Singh,
Lyell McEwin
Hospital, Adelaide, SA

Prof Reginald Lord,
St Vincent's Health,
Sydney, NSW

Prof Brad Kendall,
Princess Alexandra
Hospital, Brisbane,
QLD

Dr Andrew Taylor,
St Vincent's Hospital,
Melbourne, VIC

A/Prof Yuto Shimamura,
Austin Health, Melbourne,
VIC

Dr Matthew Remedios,
Wesley Hospital, Brisbane,
QLD

Dr Michael Swan,
Monash Health,
Melbourne, VIC

Faculty

Local Faculty

Dr Michael Ma, Fiona Stanley Hospital, Perth, WA

Prof Priyanthi Kumarasinghe, PathWest, Perth, WA

Dr Marcus Chin, Royal Perth Hospital, Perth, WA

Dr Chiang Siah, Royal Perth Hospital, Perth, WA

Dr Madoka Inoue, Royal Perth Hospital & Curtin University, Perth, WA

Dr Daniel Venetz, Sir Charles Gairdner Hospital, Perth, WA

Prof Krish Rangunath, Royal Perth Hospital

Dr Niroshan Muwanwella, Royal Perth Hospital

Programme

- 08.00-08.20 Registration
- 08.20-08.30 Welcome & Introduction: Dr Alison Parr
Medical Co-Director, Royal Perth Hospital
- Morning Session:**
Chair: Dr Michael Ma, Dr Marcus Chin, Prof Rajvinder Singh and Dr Michael Swan
- 08.30-09.00: WA Barrett's Oesophagus Registry
- Introduction to the team: Prof Krish Ragnath
- Clinical studies: Dr Madoka Inoue
- Patient Experience: TBC
- 09.00-09.15: Barrett's and oesophageal cancer in Australia: size of the problem
Prof Brad Kendall
- 09.15-09.30: Barrett's oesophagus surveillance: Best practice
Prof Prasad Iyer
- 09.30-10.00: Live Endoscopy
- 10.00-10.20: Endoscopic interventions:
EMR / ESD- Prof Rajvinder Singh
HALO RFA- Dr Andrew Taylor
- 10.20-10.30: New kid on the block: Cryoablation
Dr Vinay Sehgal
- 10.30-11.00: Coffee break
- 11.00-11.30: Live Endoscopy
- 11.30-11.50: Surgical options when endotherapy fails:
-Prof Reginald Lord
Role of anti-reflux surgery in Barretts:
-Mr Sri Ganesh Thrumurthy
- 11.50-12.05 Specialist Pathologist review in Barrett's
Prof Priyanthi Kumarasinghe
- 12.05-12.30: Live Endoscopy
- 12.30-13.30: Lunch and visit the sponsors

Programme

Afternoon Session:

Chair: Dr Andrew Taylor, Dr Daniel Venetz, Dr Chiang Siah and Dr Matthew Remedios

- 13.30-14.30: Live Endoscopy
- 14.30-15.00: Keynote Lecture: AI in Barrett's, recent developments & future perspective
Prof Jacques Bergman (online)
- 15.00-15.45: Barrett's MDT- Case based discussion
Presented by RPH Team with faculty discussion
Dr Yuto Shimamura, Dr Vinay Sehgal, Prof Reginald Lord and Dr Michael Swan
- 15.45-16.00: Afternoon Tea
- 16.00-16.15: Quality metrics in Barrett's endoscopy
Prof Krish Ragunath
- 16.15-16.45: Biomarkers stratified screening & surveillance: state of the art
Prof Prasad Iyer
- 16.45-17.00: Summary and conclusion
Prof Krish Ragunath & Dr Niroshan Muwanwella
