Twilight Doodles Puppy Purchase Agreement & Health Warranty

This Agreement is entered into on this date: _____

Between:

Seller ("Seller" or "Twilight Doodles"): _____

and

Buyer(s): _____ and _____ ("Buyer")

Puppy Information

Puppy Name: _____

Microchip Number: _____

Birthdate: _____

Gender: _____

Color: _____

Sire: _____

Dam: _____

Buyer acknowledges that puppy specific details including sex, color, microchip number, and final puppy assignment may be completed by Seller after Match Day and prior to final execution of this Agreement.

Payment Terms

1. The total purchase price of the Puppy is $_____. If Buyer previously signed a Twilight Doodles Reservation Agreement, the $500.00 Reservation Fee and all other amounts Buyer has paid toward this Puppy are included in, and credited against, this total purchase price. If Buyer selects an available Puppy without first signing a Reservation Agreement, no separate Reservation Fee is required or added to the total purchase price.

2. Any unpaid balance is due in full immediately upon Buyer's selection of the Puppy. If Buyer previously signed a Reservation Agreement, its terms governing the reservation and payments due before selection continue to apply. A Reservation Agreement is not required when Buyer selects an available Puppy and signs this Agreement without first reserving a Match List position.

3. The Puppy will not be released to Buyer or transported on Buyer's behalf until the total purchase price has been paid in full.

Seller Responsibilities & Health Warranty

1. Seller guarantees the puppy is in good health at the time of transfer, excluding the possible presence of intestinal parasites, which are common in puppies.
2. Prior to transfer, the puppy will have received: (A) Age appropriate vaccinations; (B) Routine deworming; (C) A subcutaneous microchip; (D) A veterinary health certificate, if required.
3. Seller provides a warranty against debilitating congenital and hereditary defects for a period of two (2) years from the date Buyer takes possession of the puppy.
4. Seller represents that reasonable and responsible breeding practices were used in the selection of the sire and dam to reduce the risk of hereditary defects.
5. Debilitating congenital or hereditary defects are defined as conditions determined by a licensed veterinarian to be genetic, inherited, developmental, or present from birth, and which significantly impair the dog's quality of life or ability to function as a companion animal.
6. Conditions caused by injury, obesity, environmental factors, toxins, improper conditioning, preventable illness, or neglect are not covered under this warranty.
7. Any suspected congenital or hereditary defect must: (A) Be diagnosed by a licensed veterinarian; (B) Be reported to Seller within seven (7) calendar days of diagnosis; (C) Include complete veterinary records and diagnostic testing.
8. Seller reserves the right to require a second opinion from a veterinarian or veterinary specialist of Seller's choosing at Seller's expense.
9. If a qualifying congenital or hereditary defect is confirmed within the warranty period, Seller may, at Seller's sole discretion: (A) Offer a replacement puppy of equal or lesser value from a future available litter, OR (B) Reimburse documented veterinary expenses directly related to that qualifying condition, up to fifty percent (50%) of the original purchase price for each separate qualifying condition. Multiple treatments or claims for the same condition do not create a new fifty percent (50%) limit.
10. Total cash reimbursement for all qualifying conditions combined shall not exceed the original purchase price of the Puppy, regardless of the number of diagnoses, treatments, or claims submitted.
11. Wait time for a replacement puppy may range from six (6) to twenty four (24) months.
12. Replacement puppies are not guaranteed to match the original puppy in color, gender, size, coat type, or temperament.
13. Shipping and transportation expenses are the responsibility of Buyer.
14. If euthanasia is being considered because of a condition for which Buyer seeks warranty coverage, Buyer must notify Seller and allow a reasonable opportunity for a second veterinary opinion before euthanasia. This requirement does not apply when a licensed veterinarian determines that emergency euthanasia is necessary and waiting for Seller or a second opinion would prolong the dog’s suffering or is not medically appropriate. In that emergency, Buyer must notify Seller as soon as reasonably possible and provide the veterinarian’s written records. Any rehoming or other transfer is subject to the Rehoming & Lifetime Commitment terms below.
15. This warranty does not cover: parasites including Giardia or Coccidia; viral or bacterial illness; stress related illness; allergies; ear infections; urinary tract infections; hypoglycemia; hernias; cancer; endocrine disorders; improper bite alignment; injuries; ingestion of foreign objects; toxins; physical trauma.
16. No other warranties or guarantees, express or implied, are made under this Agreement except as stated herein.
17. This warranty is non-transferable.
18. Seller does not, under any circumstances, accept responsibility for routine veterinary bills or general healthcare expenses unrelated to a qualifying congenital or hereditary defect covered under this warranty.

Buyer Responsibilities & Puppy Care

1. Buyer agrees to provide appropriate, humane, and responsible lifelong care for the puppy.
2. Buyer agrees to: (A) House the dog indoors; (B) Provide appropriate nutrition; (C) Maintain a healthy body weight; (D) Provide annual veterinary wellness examinations; (E) Seek prompt veterinary care when needed; (F) Maintain the puppy's microchip registration information.
3. Buyer agrees to have the puppy examined by a licensed veterinarian within seventy two (72) hours of taking possession.
4. Buyer must email proof of the examination, including the veterinarian's findings, to howdy@TwilightDoodles.com within seventy two (72) hours of taking possession, whether the Puppy receives a clear bill of health or a condition is identified. Failure to complete the examination and provide proof within that timeframe voids the health warranty.
5. If the veterinarian determines during the examination that the Puppy is seriously ill, Buyer must notify Seller by email at howdy@TwilightDoodles.com and provide the veterinarian's written findings within seventy two (72) hours of taking possession. Buyer may return the Puppy to Seller at Buyer's expense. Any refund under this provision is limited to the original purchase price of the Puppy and does not include veterinary, transportation, or other expenses.
6. Buyer understands that intestinal parasites are common in puppies and may require multiple treatments after going home.
7. Buyer assumes responsibility for all medical expenses associated with parasites, stress related illness, environmental illness exposure, or routine veterinary care after transfer.
8. Buyer agrees to postpone strenuous or forced exercise until the puppy reaches at least one (1) year of age to help protect developing joints.
9. Seller strongly recommends: (A) Basic obedience training within the first year; (B) Maintaining pet insurance throughout the dog's life; (C) Gradual food transitions to help reduce gastrointestinal upset.
10. Risk of loss, injury, illness, or death transfers to Buyer once the puppy leaves Seller's care.
11. Buyer is solely responsible for transportation arrangements and associated expenses beyond DFW or Love Field Airport.

Breeding Restrictions & Spay/Neuter Agreement

1. The puppy is sold strictly as a companion animal without breeding rights.
2. Spaying, neutering, or approved gonad sparing sterilization performed by a licensed veterinarian is required no later than eighteen (18) months of age.
3. Proof of sterilization must be submitted through SpaySecure before the puppy reaches eighteen (18) months of age.
4. Unauthorized breeding constitutes a material breach of this Agreement.
5. Buyer acknowledges that damages resulting from unauthorized breeding are difficult to quantify and agrees to liquidated damages in the amount of $25,000.
6. Seller reserves all legal rights and remedies related to unauthorized breeding.

Rehoming & Lifetime Commitment

1. If Buyer can no longer house, care for, or afford the dog, Buyer must notify Seller promptly in writing before arranging any permanent transfer of the dog to another person or home.

2. Seller has the first right to take the dog back. Buyer may not sell, give away, rehome, surrender, or permanently place the dog with another person or organization without first offering the dog to Seller and receiving Seller's written response. The dog may not be surrendered to a shelter, rescue, pound, research facility, or similar organization.
3. If Seller accepts the dog back, Buyer will cooperate in arranging its return to Seller. Seller will determine the dog's subsequent placement. If Seller declines to take the dog back, Buyer may place the dog only in a home approved by Seller in writing before the transfer.
4. No refund will be issued for a returned or rehomed dog, except as expressly provided under the initial veterinary examination terms of this Agreement.
5. Buyer acknowledges that Twilight Doodles maintains a lifelong commitment to every puppy produced.

Media Release

1. Buyer grants Seller permission to repost or share photographs and videos of the dog that Buyer publicly shares on social media for promotional or educational purposes.

Agreement Acknowledgment

By signing below, Buyer acknowledges they have carefully read, understand, and agree to all terms outlined in this Agreement.
