Hey, Joe. I took my third SAT in June, and I just received my score back the other day. I got a 1550! Safe to say that I won't be taking it again. Thank you so much for all your help. I couldn't have done it without you! More specifically, I got a 750 (I still don't believe this) on the reading/writing section and a perfect 800 on the math section.
