FIREBALL APPROVES...SO YOU WON'T GET SCAMMED WHEN YOU RENT, BUY OR HIRE

Jacksonville, FL, (August 8, 2018) – Online scams are on the rise! Fireball Approves was launched on August 1, 2017 to research the necessary information needed to help decrease the number of victims who fall prey to online scams. The potential buyer of a car, truck, commercial vehicle, motorcycle, boat or RV can request verification of the seller's name, address, phone, email and vehicle serial number. Renters of short/long-term and vacation homes can obtain confirmation of ownership, a phone number and an email address within 48 hours. No personal information is needed from the customer besides their name, email and phone. The cost for this service is only \$19 and this will save customers thousands. All services provide scam prevention and protects consumers from the hassle of dealing with dishonest advertisers.

Fireball Approves also offers a vetting service for vacation rental property owners which is a tool to use in their advertising or property listings so they can gain the confidence of the renter. These properties can be found at www.ForNoScams.us/Approved-Properties

Fireball Approves also offers business verifications to assure that contractors are bonded, licensed and insured.

Cluck at www.CluckCluck.co is an extension available for Craigslist property listings and partnered with Fireball Approves for verifications of all ads.

To learn more about Fireball Approves and their services go to www.ForNoScams.us or call the Media Contact listed above.

About Fireball Approves:

Fireball Approves is a privately-owned company based in Jacksonville, FL. offering their services across the country. The company consists of risk management professionals trained to verify the identity of property and vehicle owners to ensure buyers of cars, trucks, commercial vehicles, motorcycles, boats and RVs as well as renters of short and long-term vacation home rentals are protected. Property owners can also be approved through a verification process to advertise they are Fireball Approved. Look for our seal of approval and transact with confidence.
