

REQUEST FOR FUNDING

West Fargo Packer Backers financial assistance is offered on a funds available basis for students, groups or teams participating in qualified events or equipment. Events/equipment for which assistance may be considered are primarily those that are in addition to the school's regularly scheduled events. Such events include competitions whereby outstanding participants have been chosen to compete or for groups or teams who have advanced beyond the point where adequate school funding has been provided. Packer Backers meets typically once a month. Please submit your requests two weeks in advance of the Board meetings through the Activities Coordinator. The group advisor and at least one student is required to attend the meeting and discuss the request being made.
