

NUTRA BOOST

Ready to have more energy in just a matter of seconds?

B-12 is the doctor-recommended vitamin for energy production. B-12 is known to convert fat, carbohydrates and proteins into energy. Our spray is easy to digest, quickly absorbed and vegan friendly! For more energy, we recommend using this spray daily.

D3 + K2

Elevate your health with the dynamic duo of Vitamin D3 + K2!

Vitamin D3 + K2 are a powerful combination, working in harmony to support your overall well-being. Vitamin D3, often known as the "sunshine vitamin," is essential for bone health, immune function, and overall vitality. It helps your body absorb calcium, promoting strong bones and a robust immune system.

Immunity +

Immunity + supports your immune system and is great to use when battling the common cold. Powered by vitamin E, C, Echinacea and essential amino acids, this spray restores your body's energy.

Our spray is easy to digest, gentle on your stomach and quickly absorbed.

For maximum benefits, we recommend using this spray when you feel you are getting sick, during the flu months or before you get on a plane.

LIGHTS OUT

This spray combines the soothing effects of GABA, the calming properties of valerian root, and a gentle hint of melatonin. This powerful trio works in harmony to ease the mind and body into a state of relaxation, making the transition to sleep smoother and more natural. Use this spray about 30 minutes before you go to sleep. You'll never wake up groggy in the morning!

MOTION MIST

Introducing Motion Mist, your new go-to solution for managing motion-related discomforts.

An innovative oral spray, infused with the natural goodness of ginger root and peppermint, is designed to support nausea relief, seasickness, and general motion sickness. While Motion Mist is crafted from natural ingredients, its primary focus is on effectiveness and health benefits, rather than solely on taste.

At **NUTRAFi**, we are dedicated to delivering exceptional quality through our pure, additive-free, filler-free, and toxin-free formulations. Our goal is to supply your body exclusively with the vital nutrients it needs to function at its best and radiate life.

Prepare to experience the remarkable transformation that **NUTRAFi** offers. Our comprehensive solution empowers you to live life to the fullest, ensuring you have the energy and vitality to make the most of every moment.

Experience a breakthrough in wellness with a revolutionary spray solution!

Outperforming traditional pills, this innovative sublingual spray offers rapid absorption, superior effectiveness, and extended duration, ensuring a new level of health benefits.

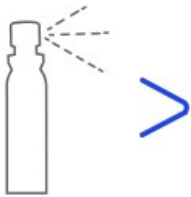

Say goodbye to costly and inefficient pills, and embrace the future of health optimization. Take the leap into a future of pure, allergen free, clean supplements with **NUTRAFi** oral sprays.

Oral Sprays vs Pills

Our bodies cannot produce most vitamins independently, so we depend on our diet for these essential nutrients.

Contrary to popular belief, pills and gummies, that you often rely on, are not as effective as you believe. Our bodies struggle to fully absorb the various fillers and additives of pills.

In contrast, using an oral nano-mist spray allows the body to absorb up to 90% of the vitamin, making it an excellent method for nutritional supplementation.

Sprays

- Quick and easy to use
- Effective in 30 seconds or less
- Easy to carry and store
- No bad aftertaste
- Instant absorption
- All-natural and safe ingredients
- Up to 10x more effective than pills

Pills

- Hard to swallow
- Taste terrible
- Hard on your gut
- Can take 30 minutes or longer to be effective
- Bulky packaging
- Filled with sugars, fillers, and additives
- Too hard to travel with
- Need water nearby to use

NUTRAFi sprays are the epitome of convenience and health-conscious travel, designed with the modern adventurer in mind. These compact, TSA-approved marvels are a testament to the notion that maintaining your health regimen shouldn't be a hassle, regardless of where your travels take you. Slender enough to slip into the smallest compartments of your purse or gym bag, they embody the perfect companion for those who refuse to compromise on their wellness routines.

Beyond their practicality, NUTRAFi sprays make it easier than ever to stay health-focused in any setting. Whether you're navigating the bustling streets of a foreign city, embarking on a business trip, or squeezing in a workout, NUTRAFi ensures your able to take your vitamins without water and they are absorbed quickly.

Testimonials

Heather L.

"My entire family uses NUTRAFi Vitamin sprays every day. We're always on the go, and have no time for sickness. Between the IMMUNITY + spray for health, NUTRA BOOST for energy, and Lights Out for sleep, this brand has my family living our best life."

Karen B.

"I've found all the sprays to be fantastic, but the Vitamin D3+K2 is my absolute favorite. It's significantly improved my vitamin D levels, as confirmed by my doctor. And the 'Lights Out' spray? Truly amazing! I've been enjoying a wonderful sleep ever since I started using it."

Jeanni S.

"IMMUNITY+ is definitely my favorite spray! I'm mom to a toddler who attends daycare, so having IMMUNITY+ to keep my husband and me healthy has been a game-changer for my family!"
