

June 9, 2017

To whom it may concern:

I am writing today in reference to Mark Greer, who was the Head Golf Professional at Miramont Country Club from March 2007 to November 2014. Throughout his time with our club, he demonstrated critical skills that would make him an excellent addition to any high-performing staff.

Mark did a terrific job in his position in all capacities. He was a consummate and charismatic professional, with exceptional membership relationship skills. Mark is well-spoken, and he is a great teacher. He is extremely organized, can work independently, and is able to effectively multi-task to ensure that all projects are completed in a timely manner.

Mark was instrumental in helping us host the 2014 Junior PGA Championship at Miramont, and he was always willing to offer his assistance in helping others. He did a great job in organizing the numerous volunteers we needed to host such a major event at our club.

Mark possesses great business skills and pays attention to details. I wholeheartedly recommend Mark for any endeavor he chooses to pursue. Please let me know if you have any further questions.

Sincerely,

Aaron Dawson
General Manager
