Online Physics Classes In

Lucknow, Kanpur,
Prayagraj, Gorakhpur,
Varanasi

UTTAR PRADESH

11, 12, NEET, IIT

Uttar Pradesh is the STATE of education from where many good engineers and doctors emerge every year who serve the country. Talking about 1980 to 2000, then MLNR OR HBTI KANPUR used to conduct Engineer exams for engineering students in UP, but as time progressed, only one exam in the education department was done for engineering admission, the name is IIT JEE.

The same happened for some medical students, which earlier used to be in the name of AIPMT or UPPMT, now the exam is conducted in the name of NEET

And how did both the exams come, there is a lot of importance of physics in IIT JEE and NEET but now the way of studying has changed people used to read from Kumar Mittal's physics book or Resnik Halliday in Uttar Pradesh earlier?

But as technology continued to develop, the way of reading people changed, but the question remains whether you read through a video of physics or you read from new books, but physics which was 30 years ago from today. Used to be the same even today, so coming to the point, I want to say to all the students that when you solve a PHYSICS QUESTION.

When you try to search for any physics question on the internet, you get different types of answers so that you do not understand exactly which answer is correct and which answer is wrong.

Precious time is wasted then you should try to solve any question through the book which will increase your aptitude as well as build confidence.

If even after that you do not get success, then you can contact Kumar sir, a famous teacher of physics, who will solve all your physics questions systematically, it will instil a kind of confidence in you and you will get GOOD MARKS in NEET & JEE.

You all know that in any medical school in Uttar Pradesh, which is government, you should have scored at least 600 marks in the NEET exam.

In the NEET exam, all the students understand chemistry, biology and botany very well, but when it comes to physics, they suffer a lot, which has been seen that BIOLOGY Ji Bala student's mathematics is not good, due to which he has to Have difficulty understanding physics.

So when you join kumar physics class then physics is explained to you in a very easy way so that you can easily solve even the toughest question of neet PHYSICS.

If we solve any physics question then we find that we are facing a problem in maths then its solution is very well explained to the students so that they can use maths in physics very easily.

Any student who is preparing for NEET in Uttar Pradesh has a dream that he should get at least 170 marks in physics so that his overall score increases, for that every student should solve 50 objective questions daily with discipline.
