

# Volunteer Driver

## Description of Service

**Make a difference – become a volunteer driver for RAN today!**

**VOLUNTEER POSITION:** RAN Volunteer Driver

**SERVICE GOAL:** To assist the many seniors of our community by providing one-on-one, escorted transportation to their crucial medical appointments. You CHOOSE which assignments you like, and how often you would like to drive.

**SERVICE RESPONSIBILITIES:** You, as a volunteer, are responsible for helping the senior passenger to the car and safely transporting them to their appointment. The volunteer driver drives them to their appointment, waits with them, then drives them home safely. This is door-to-door transportation.

**REQUIREMENTS:** Volunteers must have the sincere desire to help meet the needs of the elderly. You must have at least 5 years of driving experience with an acceptable driving record, own your own vehicle, have a valid Illinois driver's license, and carry auto insurance. We will run a criminal and driving background check as well as ask for two references.

**BENEFITS:** You will be a contributing member of YOUR community, providing a much-needed service. As a volunteer, you can set your own schedule, and know what ride you'll be doing in advance. You will be provided with an orientation and training, as well as name badge and business cards.

**SUPPORT:** Volunteers have the direction and support of the entire organization behind them – after all, our volunteers are the heart of our program!
