J. Dolan Byrnes

This has been one of the saddest weeks of my and others' lives, with the news that our dear, loving, wonderful friend Bronwyn Rucker left our world on Monday night. Those of us who knew her, and most of us did, knew her to be kind, generous, supportive, and so full of life. She encouraged others to show their talents and abilities and she selflessly provided platforms for them to do so. I was a recipient of that love and generosity and my moments with her are some of my most cherished memories. I have seldom in my life been this heartbroken and I know that others share this feeling. She touched so many lives that there are literally little shrines to her in the venues she once frequented. I saw one today in Ty's and I've heard that there are others. There is so much that's wonderful to say about our experiences with Bronwyn.

Shawn Fox

I first met Bronwyn Rucker over 10 years ago when she was singing at The Monster. I was immediately struck by her joy, her generosity, her fearlessness, and her love of Broadway. She was a little eccentric in the most delightful way—the best people are.
She was a beacon of light and love to everyone who knew her.
I hope that many, many years from now, I'm still singing and chasing my dreams the way she did.
Bronwyn was an example to us all.
rest in peace, sweet lady.

Really hit harder than I thought.
😥What a special, special lady!

About last night: as a lot of us gathered to remember
Bronwyn and her amazing life… It was amazing how many people
she touched as a social worker, entertainer and artist.
Stories and songs were shared – then the pictures started to roll in.

I have known Bronwyn for 18 YEARS
- numerous shows, cabarets and afternoons around a piano
and realized I DIDN'T HAVE A SINGLE PICTURE OF US!
Thus started the photo dump.
If we've ever taken a picture together please share, post and tag.
I want to remember our time together and I will do the same!
💜💜💜💜

Carolyn Ohlbaum

I'm very shocked and extremely sad to hear about Bronwyn.
I used to play my violin at Trudi Mann's open mics at Butterfield 8,
and Bronwyn always would be there. That's how I got to know her.
She was a very lovely person and so terribly talented and creative.

Lynne Lombardi

My sincerest condolences to Bronwyn's family and friends.
I've taken dance classes with her for many, many years.
She's in Luigi's class in Heaven now.

Judi Mark

No!!
OMG!

Jai Mason Miranda Moirai

I am beyond devastated to hear of the
passing of the beloved Bronwyn Rucker.
A legend in her own right, and a queen in the cabaret scene.
If I had to describe her to someone who never had the pleasure
of knowing her, she was like that one auntie you couldn't wait to see
at Christmas. Full of joy, full of life, and always bringing that infectious
energy with her... right down to her signature cobalt blue nail polish.
(Which I will never forget helping her look for, only to find it crushed
under my car after it fell out of her purse... a very "her" moment.)
When she took the mic, you never quite knew where she was
going to take you, but it didn't matter.
You went along for the ride every single time, because
it was always fun, always unexpected, and always uniquely her.
She's also a gentle reminder to hold onto the moments
and the people while we can. I wish I had a photo with her,
but I'm grateful for the memories I do have. Also, the beautiful
wood panel painting she made for me of myself in drag,
that I'll treasure even more now.
There will never be another quite like you, Bronwyn.
The cabaret space won't feel the same without your
name in the lineup or your laughter filling the room.
Rest in power, my dear Auntie. 💙

Kate Medhus

Devastated by this news. She will live on in our hearts and memories.

Francis J Roach - LUIGI'S JAZZ CENTRE

We are sad to learn of the passing of Luigi's student, performer and artist
BRONWYN RUCKER. She was in class at the beginning of this month
and has been a student since the 1970's.

Susan Kille

My heart is grieving but seeing the love on Bronwyn's FB page provides a lift. She visited last Wednesday to share her diagnosis. She pulled a collage of photos of my family at Meltdown events out of one of the big bags she always seemed to carry. She was bright-eyed and gracefully floated around the room like a balloon, as usual. Less than a week later, her bright light is extinguished. We met Bronwyn in 1989, when my husband, our two young daughters and I moved to a Brooklyn brownstone 2 floors below her and Rick. Bronwyn babysat, taught our daughters to roller skate, came to birthday parties and just always was around. As a family, we saw many of her shows, even one when the girls were young and the walls were covered by large paintings of penises. At her Christmas Shows, it's my grandmother's bell she rings during "Silver Bells." Peace.

Tom Sawyer

Bronwyn was a star. She always will be. She starred in her life and by her example she encouraged all of us to open up and find some of that same shine inside as well. It was abundantly clear at her many shows and celebrations that she burnished the stars within her many other friends the same way. I'm reminded of her art, surprising ideas, wit and joy every day now as I spot people and words around me that make me think of how her stories and performances were knitted from her witness and love of the characters and dramas constantly playing out around her. Bronwyn was a lovely person and a true friend. How fortunate we all are to have known her. Those memories and inspirations for living life in full are our keepsakes forever.

Bill Sattan

Our Dear Bronwyn made this jewelry with pieces of her art work
for my zoom art class. May you rest in peace!

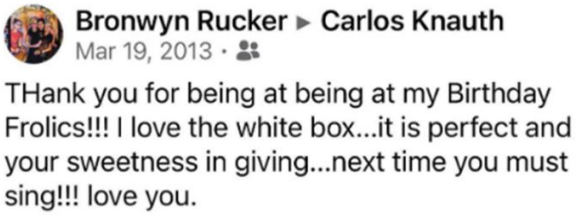

J. Dolan Byrnes

They were lovely.

Carlos Knauth

Glad I found something saying from you and expressing " love you" ..

my norma and all around a light of inspiration and humanity .. a true " diva "
in the best sense of the word in my carlos book ..you shine so bright baby..
so luminescent for me and for all of us forever... xox

Mary Ellen Ryan

May flights of Angels sing thee to thy rest, dear Bronwyn.
She was an original Theater Artist. Full of Love and Heart.

Marion Margaret DeSio

I am so heartbroken.

Jim Eshelman

Bronwyn Rucker RIP.
Creative and performing force, bursting with music and joy.
Generously aided countless people in their creative efforts for half a century.
Social worker by day, cabaret producer and performer by night.
She unleashed so much life to the cluster of venues around 7th and Bleeker
(and winding up the west side to Hell's Kitchen) that her joy will never leave the place.
In an interview a few years ago, she was asked, "Which is the most memorable
experience you've had in your singing and acting career?"
She answered, "This is still yet to come."
Her recent 75th birthday bash at Don't Tell Mama is still the talk of the town.
I wish we could have been there.

Paulette Hunt

beautiful!

Luigi's Jazz Centre

Luigi's Jazz Centre is sadly missing Bronwyn Rucker. She started classes with Luigi
at Luigi's Jazz Centre West 62nd St. location in the 1970's and continued to in April
of this year. Bronwyn was a loving performer, artist and a wonderful soul.
Our condolences to her husband and her many theater friends.

Henry Dee

Bronwyn was one of the very first people I met in the music rooms of NYC when I first moved here in 2000. I immediately connected with her emotional and unique delivery of the song she was singing. I'm trying to remember exactly which song it was but it could have been "Being Green". I became a fan of her wondrous talent. We became fast friends and I can remember walking down the sidewalk with her many times after music events. She was full of ideas and just bubbling with enthusiasm. When I saw her first live performance, I realized I was witnessing something very great, very original and unforgettable. And so it went, our wonderful friendship for many years to come. Then came the day that we went to see Anita O'Day at club Fez in the Village. Bronwyn, being a social worker and advocate for people in need of help saw Anita and something just clicked. Her heart went right out to her. Bronwyn introduced herself to Anita who was sitting on a stool waiting to go on. Thus became a friendship of caring and companionship to Anita while she was living in NY. She would take her shopping and help her in any way she could. A generous friend she was and at a time when Anita needed one. Just one of the many amazing things Bronwyn did. She worked with the homeless, advocated for human rights and kept growing in her art, music and acting. I also had the wonderful pleasure of becoming a dear friend of Bronwyn's amazing husband Rick whose knowledge of show business history boggles the mind. Such a delightful and devoted couple. The two started out performing together in the early days of their relationship and I love them both. I never thought when this photo was taken just a couple of weeks ago that it would be the last time I would see my dear Bronwyn. How wonderful it was to visit with her that day. Of course, she was a joy as usual. I feel so blessed to have that day to remember. I will never ever forget Bronwyn and I honor her legacy.

Love, Henry X0

Mary Burns Holmes

My dear dear friend Bronwyn has passed. She was a light and a delight. Sigh.
Oh no! My photos of Bronwyn Rucker are from our cross country trip together with Jim Valley in 1971. My dog Sunshine joined us all the way to the west coast.
We camped and had many adventures. I got to meet Bucky along the way.
I had been the wardrobe mistress at the Pittsburgh Playhouse where she was acting. I sat with her at the after party where I fell in love with her as she wistfully sang... "tra la la la" to no one in particular. We tried out for a children's theater together singing and dancing to "I won't grow up"... appropriate for both of us.
We took my daughter to visit when she lived in NY and she visited my husband and I in NJ and when he was at a convention at the Waldorf Astoria.
She was dear to me and left sweet and delicate foot prints on my heart.
Thank you for loving us Bronwyn. Rest in Peace.

Sara Mercer

There are some people who are so full of life that it is impossible to imagine a world without them. I have not seen you, Bronwyn, for about 10 years, but you are one of only a few people who I have known since I was a child.
I miss you, I am so horribly saddened that you are gone.
Rest in peace dear old friend.

J. Dolan Byrnes

A true light in the world.

Shawn Fox

I miss you so much, my dear. Every day I miss you.
We will see each other again some day, I hope, in another life, in a better world.

Bethe Austin

I remember her as such a sweet, kooky, funny,
a lovely eccentric actress - always endearing.

Dave Hillman

To know the universally beloved Bronwyn Rucker was a true blessing for me.
Always upbeat, always fun, devoted to her art and to her husband Rick, Bronwyn, without fail, personified unprovoked joy. I never once saw this girl in a bad mood. Except when we discussed politics, but nowadays that's normal. We both enjoyed discussing the current madness and I think she appreciated the fact that she could vent with me; I know I did with her.

Bronwyn is (let's just go with "is," I can't say "was" right now) the personification of goodwill. From time to time, and not enough she and I enjoyed the slightly wicked practice of "day drinking," everywhere from rainy afternoons at the White Horse Tavern and Cowgirl to, of course, happy hour(s) at Ty's and Julius', where she is worshipped accordingly.

Bronwyn truly loved the Christmas season, and her Christmas shows at Don't Tell Mama's are justifiably famous for their charm, wit and old-fashioned celebrations of music, friends, New York, good cheer and holiday warmth. On and off stage, Bronwyn radiated love without treacle; that's a rare talent indeed, but only one of many she possessed. The Christmas shows for me are legend and I will absolutely miss them, as I'm sure will all her many fans.

Bronwyn surprised the hell out of me several times. Not only could she hold her liquor (but always with an eye on time and the caveat of "I don't want to worry Rick"), she had an amazing knack of showing up with gifts. She gave me a portrait of myself (the first and only, completely unexpected) that she did completely from memory; it's uncannily accurate and it is on my wall, even though it is of the real old current me and not the young version of me that I occasionally try to enact at moments in public after that fourth cocktail. She also gave me several housewarming presents for my latest apartment, two paintings (also on my walls) and an incredible stainless steel pot that I use almost every day.

She is just like that. She will never be far from my mind. I would surely call Bronwyn Rucker indelible, and then beyond. She was easily one of the finest women I've ever known, and the only woman I enjoyed kicking back with on a frequent basis.

I must say that Bronwyn persistently encouraged me to write and keep writing. She could be a critic. She could also be openly pleased when she thought I nailed something, and those moments thrilled me. I found Bronwyn's opinions on most matters always to be thoughtful, measured and insightful.

A class act, without effort. We have lost one of the great New Yorkers, really one of the great humans, but when I visit our haunts, I'll think of her, and wish for one more grand entrance through the door with her bag(s). And it was always a grand entrance and usually funny. And then our games would begin.

Rochelle Hall

Oh, I am so sad to hear that Bronwyn Rucker has passed. I first met her when she was my Medical social work supervisor at Brooklyn Hospital. She became a mentor and a dear friend. So ironic that she worked with very sick and dying patients every day, because she was more full of life than almost anyone I have ever known.
She taught me so much. I will miss her.

Woody Regan

So sad. Bronwyn was a great artist, a trailblazer,
and the epitome of kindness and generosity.
She will be remembered and forever missed.
Her way of working was challenging to me and ended up
a great inspiration. Our work together enabled me to be
cast by Sam Shepard, which finally took me to The
Moscow Art Theater. And I told her about that
afterwards. So she knew of my thoughts.
She really got me going in new directions!

David J Diamond

I still remember the first time I met Bronwyn - when I was doing tech for her cabaret show. I thought she was so original. Getting to know her over the years, it was clear that she was an extraordinary person and unique talent. I was glad whenever our paths happened to cross.
...may her name be a blessing.

Michael Mayer

Bronwyn was *sui generis* and, to my mind,
under-appreciated by the general public; but those of us
who had the rare privilege of making work with her,
watching the way her creative spirit met
the moments at hand, and benefitting from
her generous and beautiful heart will
always hold her in a special place.

Thank you Marie's crisis for placing a plaque for our Bronwyn Rucker! So quick so we can honor her every time we enter OUR place! Forever remembered!💗

Sidney Myer
Loved her!

Phil Mougis
I loved collaborating with Bronwyn.
She was an amazing force of good will.

John McWhorter

For almost 25 years, I knew Bronwyn as the lady who would come to Marie's Crisis around sundown and infuse a song with her passionate, physically expansive and touching essence, turning whichever song it was into poetry. (I recall clicking into knowing she was a genius when she started doing 'Stumble Along' from 'The Dirty Chaperone.') I was so honored that she brought me into her cabaret community over the past few years.
She was a one-off. I will dearly miss her.

Jack Courtney

She's something of a saint to me always.
