

THE BROOKLYN HOSPITAL CENTER

Farewell to Bronwyn

**The time has come to say goodbye
To a colleague good and true.
But much more than just a colleague,
a friend and helper too.**

**For six long years and twenty
With energy, zeal and zest
You served the Brooklyn Center.
You were the very best.**

**With care and love and passion
You earned each patient's trust.
your heart full of compassion,
their best interest your first.**

**You were our Social worker
with professional skill unmatched
your contribution with us here
was excellence unsurpassed.**

**The residents all adored you
Your advice so readily shared
with families, proxies and nursing staff,
And particularly Palliative Care.**

**Now you are moving on
To music, art and play.
We pray God's special blessing,
His Light on your pathway.**

**Please take our wishes with you
Our thanks, like each day's sun
A wish for health and happiness,
Ms. Rucker, dear Bronwyn.**
