

## Wall Paneling

**Transform an ordinary kitchen or bathroom into a haven of luxury with our range of sophisticated vanity surfaces and wall panels.**

No more cracked tiles and grubby grout, just hygienic, easy-to-clean surfaces that make a stylish statement without having to splash out.

# Mazan Acrylic Glass Splashbacks & Wall Panels

## What is Mazan?

Mazan is an affordable, yet dazzlingly beautiful collection of glass effect panels for kitchens, utility rooms, bedrooms, bathrooms and shower rooms. It is the 21st century better alternative to ceramic tiles and glass.

It has a standard range of diverse solid and metallic colours and has a thickness of 4mm. This gives you a fantastic colour intensity and reflection through Mazan's surface and exposed edges – just like traditional glass.

Mazan is environmentally friendly using much less energy during its production than glass. Mazan can also be recycled.

## Benefits of choosing Mazan

- Scratches can be sanded out
- No templating, can be cut and fitted on-site
- Stronger than glass
- Less expensive than glass

# Nuance Wall Panels and Vanity Surfaces

## With Nuance you can shape your perfect bathroom space

The palette of materials, designs and colours are perfect for combining together to create stylish looks with contrasting surface textures. All of which are superbly practical and easy to care for.

Dolce Macchiato

### Specification

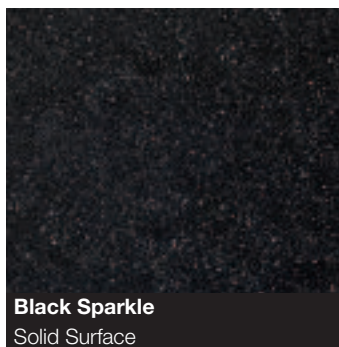

- Nuance products are guaranteed for 15 years.
- The laminate collection panel's core material is completely waterproof with high thermal properties and resistant to mould and mildew.
- Solid surface worktops feature a thicker than average 5mm surface layer and is 5 times more impact resistant than most solid surface products.
- Worksurfaces are independently tested to BS/EN438.
- The laminate surfaces feature a HPL surface and a resin impregnated moisture resistant barrier on the reverse, which is combined with cast resin to completely seal the underside against moisture.

- High pressure decorative laminate surface
- 10mm waterproof core
- 0.8mm backing laminate (not shown)
- Radius (post formed) edge

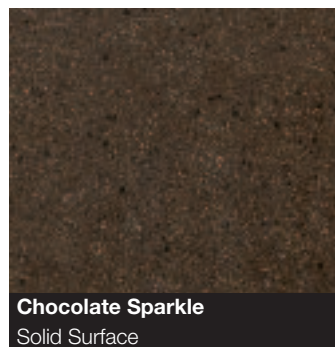

### Benefits of Nuance

- Laminate panels come in 3 sizes, 2 of which feature radius formed edges, removing the need for finishing extrusions for many layouts, keeping designs simple, clean and hygienic.
- Solid surface work surfaces can be installed with virtually seamless joints using encore specialist adhesives.
- Any scratches to solid surfaces, should they occur during its lifetime, can be polished out to renew the worksurface back to its original condition.

## Specification

- High pressure decorative laminate surface on FSC accredited moisture resistant Medite Exterior Grade MDF core using D4 waterproof bonding, individually wrapped and have edge protection for transit.
- High gloss laminates bonded exceptionally well to the smooth MDF surface to create a finer finish. It is also very dense, stable material that is ideal for creating a close fitting tongue and groove.
- Bath & shower panels are square edged, where as wall panels feature a tongue and groove profile to the two long edges & the rear of the panel incorporates a balancing laminate.

## Benefits of Wetwall

- Stylish high gloss and textured laminate faced panels in three sizes.
- A very comprehensive panel frame system is available, including a bottom profile for wall panels and a shower tray bottom seal for trays that do not have an upstand.
- Quick and easy to install with standard wood working tools - no wet trades required.
- Comprehensive assembly instructions are included with each panel
- Where square edged panels are used to create a 2 or 3 sided shower and bath enclosures, or in awkward corners, Wetwall 2450mm long profiles can be used in conjunction with Wetwall Silicon sealant and adhesive for a more professional, water-tight installation.
