

tradePip! TESTIMONIALS

TradePip transformed our dated kitchen into a clean, modern and usable space. The service we received was second to none which allowed us to relax with the confidence that everything was being taken care of. TradePip were very flexible in the services offered to us. Both the service and the end result was excellent. Any issues were dealt with quickly and to our satisfaction. We would recommend TradePip not only for kitchen products but we would also recommend them for all the other services offered. Great job and thank you.

Bought kitchen and bathroom products and installation. Great products and reliable service.

This company did my kitchen after a small fire in very fast response. Good quality and worked weekends. Thanks tradePip!

Would highly recommend this company. The price and service we received were top notch and would give 5 out of 5. The guys who did the job put covers over the carpets even hoovered up and took all the rubbish and everything else away with them.

Thank you tradePip! for your help in refitting our bathroom. From the initial contact, tradePip! worked swiftly to get us a great bathroom at a good price. The bathroom was fitted quickly at times convenient to us. The whole project ran smoothly. Five star service.

Great service. Units and door as described. Delt smoothly with queries. Would recommend.
