One of a kind

The patented joining system is completely unique, with panels that are connectable along all four sides and the grooves concealed within the panel. This gives an authentic real wood effect floor.

The water-resistant panels ensure a perfect finish in humid spaces, providing a stylish and durable finish throughout your bathroom.

Finesse Features:

- 100% water resistant
- 3D/HD print
- Easy to clean with an antibacterial coating
- Stain resistant
- Protective coating prevents slipping

An introduction to Aquawall

Aquawall wall tiles provide a great new alternative to traditional bathroom tiles. 100% waterproof, these panels are easily nailed or pasted on to the walls and, if necessary, they can be cut to size with a normal saw. An authentic grout line can be seen and felt, but you no longer need to worry about dirty or crumbling grout as these panels can be easily cleaned. Add to this our stylish aluminium trims and you will have a sleek finish for every bathroom installation.
