

PROTECT YOUR HOME WITH AN
tradePip! DOOR

Safety, Security & Style.

Renowned for their strength and security, means you'll enjoy peace of mind every time you turn your key.

The 48mm thick solid timber core of an is up to 10% thicker than other doors on the market, a difference you'll hear each time you close your door. Whilst other doors may click shut, the reassuring clunk lets you know that your home is both safe and secure.

Each Door has a host of unique features that make it the most durable and hard-wearing door available. Designed to stand the test of time, your Door will require very little maintenance to keep it looking great for years to come.

Why Choose ?

Safety, Security & Style.

✓ Your Door. Your Style

With over 85 stylish door designs, 19 colours and an amazing choice of glazing and hardware accessories within our range, you're sure to find the ideal fit for your home.

Let our brochure be your source of inspiration before heading over to our online Home Quotes.

✓ Solid to the Core

The core of an Endurance Door is made up of 17 crossed layers of engineered timber, giving them unrivalled strength and a reassuring feel of quality.

Choose an Door that would make a burglars think twice.

✓ Built to Last

Every Door is made with an integrated Moisture Barrier Strip at the foot of the door. This unique feature means that the timber core Door is protected from water ingress, removing the risk of swelling or sticking.

✓ Secured By Design

Secured By Design is the official UK Police initiative supporting the principles of 'designing out crime'. The Door design achieves this standard when combined with laminated glass and the 3 Star High Security Federal UCF locking cylinder.

In order to meet this standard the Door range has been put through a series of rigorous tests, designed to replicate methods a burglar might use to gain entry to your home. Including:

- A manual attack on the locking hardware, including a crow bar and mole grips
- Unlimited number of 3 minute attacks on the door cylinder using a range of tools such as screwdrivers and craft knives
- 3 minute manual attack using chisels and brick bolsters to gain entry through the door
- Hard Impact Test - The door is struck with a 50kg steel impactor at its hinge and locking points

SLEDGEHAMMER-PROOF

We put the Door design to the test by attacking it with a sledgehammer.

Locking Cylinder

A

Our standard locking cylinder is anti-pick, drill and bump with a sacrificial cut included with our High Security Upgrade

High Security Multi-point Locking System

B

Our Locking System is tested to Secured By Design specified PAS 24 Security Standards

Solid Timber Core

C

48mm thick cross laminated solid timber core makes the Door the most solid and secure on the market

Moisture Barrier Strip

D

Our unique moisture barrier strip is concealed within the foot of the door - preventing the Door from warping or swelling

Hardware Accessories

E

Our Hardware Accessories have been rigorously tested to ensure their durability - so you can count on them to look great for years to come

Hard Wearing Door Skin

F

CoolSkin® technology used to produce our door skins offers a realistic woodgrain texture whilst protecting against delamination, cracking, bowing or warping

PVCu Door Frame

G

Our door frames are strong, secure and energy efficient. They are even made from environmentally friendly recycled plastic

Thermally Toughened Glazing

H

Our range of stylish decorative glazing has been thermally toughened, offering the best in security whilst also looking beautiful

FEDERAL UCF Cylinder ★★ ★

We believe everyone has the right to feel safe and secure in their own home.

That's why our doors can be upgraded with the Federal UCF Locking Cylinder from Brisant, one of the most secure locking cylinders in the UK.

The clever locking system of the Federal UCF knows when it's being attacked, with a hidden locking mechanism that automatically engages to stop would-be burglars in their tracks.

Lock snapping has become the preferred entry method for UK criminals and the Federal UCF Locking Cylinder has another trick up its sleeve to keep burglars at bay. A sacrificial cut is used so that when the burglar grabs the end of the cylinder, just the tip snaps off, leaving more metal in front of the central locking mechanism as protection.

Having been tested to Sold Secure 'Diamond Grade' standards, the Federal UCF Locking Cylinder has achieved a level of security that far surpasses other locking cylinders on the market.

£1,000

SECURITY GUARANTEE

We are so confident in the unprecedented level of security offered by the Federal UCF Locking Cylinder used in our doors, that in the unfortunate event your home is broken into by means of snapping the cylinder, we will offer £1,000 in compensation.

Terms & conditions apply.

The *Classic* Collection

Designs inspired by the Georgian and Victorian eras. If you're looking to add some classic character to your home, this collection is your range of choice. Our realistic woodgrain effect skins mean your new Door will look authentically timber whilst being solid, secure and nearly maintenance free.

Get The Look: Classic & Captivating

Come home to an entrance that's brimming with period charm, when you choose a door design from our timeless Classic Collection.

Door Style - Bowmont

With its large glazed area, detailed panelling and authentic woodgrain finish the Bowmont is based on a traditional door design from the Victorian era.

Glazing Style - Riviera

One of our most popular glazing styles, Riviera is a beautiful triple glazed design with a combination of bevels, lead and textured glass. Fill your hallway with natural light whilst still maintaining your privacy with this classic design.

Colour - Pearl Grey

Give your entrance a contemporary edge by opting for a Pearl Grey finish. The pastel tone of Pearl Grey will give your entrance a sophisticated and luxurious appeal.

Hardware Accessories

Graphite accessories from our Classic range of hardware complement the pastel hue of the Pearl Grey door colour. The traditional Urn Knocker is a popular choice alongside any of our Classic Door Styles.

The Country Collection

Our Country Collection features a range of traditional shiplap styles that look fantastic in earthy tones such as Pebble or any of our woodgrain finishes. You can also create a statement entrance with Duck Egg or Chartwell Green. These doors are ideal for bringing a charming, heritage feel to your home.

Stable Doors

Many of our stylish door designs are also available as Stable Doors. to add some rural charm to your home.

Get The Look: Modern Country Chic

Add rural charm with a modern twist to your home when you combine a new door from our Country Collection with your choice of our contemporary grey colours.

Door Style - Rushmore Georgian Stable Door

The traditional Georgian style glazing bars and shiplap effect at the bottom of the door gives this design a truly authentic timber appearance. A stable door design will really enable you to make the most of your outdoor space.

Colour - Anthracite Grey

One of our most popular colours, Anthracite Grey can be used to perfectly complement more traditional materials like galvanized steel planters or terracotta pots.

Glazing Style - Clear

By opting for clear glazing you can add a personal touch to your home. Try dressing your door with your choice of accessories or blinds.

Finishing Touches

Complete your look by adding accessories to complement your home. Here, galvanised steel pots and an old fashioned milk pail have been used to complete the look.

The *Urban* Collection

Lift your home into the 21st century with a contemporary door design from our Urban Collection. These doors feature clean lines and minimalistic styling to create an entrance that is both sleek and sophisticated. Complete the look by opting for a stainless steel pull handle from our range of Architectural Hardware Accessories.
