# Traditional style *Reimagined*

The Holborn collection is a range of products that have been specially developed with design-led innovation, using the latest production technologies whilst considering traditional design concepts.

We bring the original quirks and classic style from late 19th century into modern 21st century living.

Our unique collection of stunning designer bathroom products will inspire you to be fearlessly bold with your interior design. Whether you are looking for romantic styles, elegant pieces or contemporary statements, our collection will satisfy your every desire.

Ultimately, we hope that the Holborn collection inspires you to curate a magical and extraordinary bathroom space. All that's needed is the key to unlock your imagination.

Let your journey begin....

*“Your home should tell a story of who you are  
and be a collection of what you love”*

## The Sanitaryware Collection

Our exclusive sanitaryware range is a twist on traditional decor.

Inspired by the best of Victorian design, you'll find charming touches from the 1800's such as angular lines and elegantly moulded details. Crafted in vitreous china with a luxury glazed finish, it's also incredibly strong and easy to clean.

*"The most alluring spaces are those that are thought-provoking but not overpowering"*

550mm semi-recess basin 1TH  
W550 H193 D442 H01901 £95

550mm semi-recess basin 2TH  
W550 H193 D442 H01902 £95

500mm basin 2TH  
W500 H250 D310 H06393 £85

560mm basin  
1TH H01891/ 2TH H06394  
W550 H250 D480 £95

610mm basin  
1TH H01892/ 2TH H06395  
W610 H250 D506 £105

Pedestal H01899 £55

The humble basin can often be an afterthought; however, it would have once been a focal point. Every Holborn basin features a flawless surface with a deep bathing capacity and lustrous finish. The toned-down mouldings mean you can pair with classic faucets for a true Victorian feel or combined with more industrial elements for a modern loft style.

845mm console basin  
ITH / 2TH / 3TH  
W845 H870 D575 H06161 £565

Ceramic legs H06160 £140

500mm basin and heated washstand  
W500 H970 D310  
H01234/H03807 £325

If you have the luxury of high ceilings in your home, go bold with an iconic high-level toilet to add a touch of opulence. For smaller spaces a low-level toilet still pays homage to the traditional Victorian design of an exposed flush pipe but requires less space. The ceramic levers add a touch of timeless elegance.

Back to wall pan  
W385 H410 D520  
H01893 £140

## The Bath Collection

Bring a touch of elegance, comfort and nostalgia to your home with our collection of freestanding baths. Lie back and unwind in a timeless classic that integrates traditional features like a romantic roll top and raised bath feet or indulge in a more statement style with a mood enhancing colour finish and sculptured slipper back.

*“Create an extraordinary home with unique treasures, oddities, and curiosities”*

## Bow

Wake up traditional bathrooms with the Bow Freestanding Bath. It has an exceptional matt black or gloss white exterior and double-ended bow sides for luxury comfort. Add your own style with three plinth options, in a choice of black, white and brass, which heightens this bath's traditional appearance.

Twin-skinned luxury freestanding double-ended traditional bath with integrated white waste  
1800 x 800mm in white H05963 £1,295  
or graphite H05964 £1,495

Optional plinth in Black H06165, White H06164  
or Brass H06166 £345

## Knightsbridge

Mixing heritage style with hotel chic, our Knightsbridge Freestanding Bath is a sure-fire way to make your bathtub the star of the show. Roll-top edges provide a subtle nod to traditionalism and the ultimate for relaxation.

Twin-skinned luxury freestanding double-ended bath with a scratched aluminium effect finish.

1700 x 740mm H01367 £2,750

## Islington

Enjoy a bathroom that exudes traditional, metropolitan style with the Islington freestanding bath. It's made with a spacious interior to shower in and reclining area to bathe in, making it a stately bathtub that's perfect for everyday spaces.

Luxury traditional freestanding thin-rimmed single-ended bath with chrome ball feet and wall lip.

1500 x 750mm LH H01741 RH H01742 £750

1700 x 750mm LH H01743 RH H01744 £772

Dedicated bath screen W850 H1450 H01740 £328

## Bramhope

A freestanding bath that caters to more than just traditional interiors, our thin-rimmed Bramhope Bath is the perfect partner for lovers of eclectic style. It's inspired by a blend of decorating styles, fusing period glamour with contemporary minimalism.

Luxury traditional freestanding thin-rim double-ended bath with chrome ball feet

1600 x 750mm H01359 £1,008

## Belmont

If the classic, roll-top bath doesn't suit your fancy, our thin-rimmed Belmont Bath is another way to instil character and class. Available in two sizes, it brings an eclectic flourish to bathroom schemes and comes with traditional chrome ball feet.

Luxury traditional freestanding thin-rim slipper bath with chrome ball feet

1520 x 710mm H01357 £899

1700 x 710mm H01358 £999

Proudly manufactured  
in Great Britain

## Kilnsey

The perfect way to borrow from the past, the Kilnsey Freestanding Bath is a traditional centrepiece filled with early twentieth-century elegance. With its roll-top edges, straight sides and classic, curved back, the Edwardian look has never been easier, or more comfortable.

Single-ended freestanding bath  
1700 x 750mm H01052 £745  
With Dust Grey finish H01053 £930  
(Bath feet required)

Proudly manufactured

## The Furniture Collection

Introduce old-fashioned decadence into the mix. Our Holborn vanity units with solid surface worktops and embellishment in the form of classic tongue and groove panelling provide a heritage look imbued with traits of Boutique Hotel Chic.

These iconic British designs are made in Great Britain using the finest colour tones and finishes.  
If you are looking for a luxurious, boutique piece with a conventional style,  
then Holborn furniture is right choice for you and your home.

## The Enclosure Collection

Until a century ago, showers were purely functional in nature and a shower enclosure was a figment of the imagination. Now an integral part of everyone's daily routine we have selected a range of showers that delicately compliment a traditional interior without dominating the room.

*"A room should never allow the eye to settle in one place.  
Let your design create a fantasy"*

## Elegance Quad

Timeless and restrained, yet warm and inviting. The Elegance is all these things and more.  
Perfect for anyone wanting an impressive enclosure that doesn't feel imposing.

Traditional arched mirror  
with glass shelf. Chrome W490 H700  
H03707 £160

Deco toilet roll holder H03699 £45

Toilet roll holder H03701 £30

Double robe hook H03705 £15

Soap dispenser H03716 £75

Towel rail H03703 £40

Glass shelf H03700 £60

# ENGLISH PANELLING

# GEORGIAN

(SHORT, TALL OR FULL SIZE)

The most realistic “butt and bead” effect board on the market! Ideal for bathrooms, utility areas, halls and wherever a less formal or more “rural” look is required. Georgian can be fixed direct to battens if the walls are very rough and it is also the easiest to run up staircases. Two variations: the “Standard Joint” has grooves 15cm apart and the “Wide Joint” has them at 20cm apart (price and sheet size is the same for both).

Our **Georgian** panels look equally stunning in traditional and contemporary settings. **Above:** Standard Joint used in a traditional setting and finished with Dado rail. **Left:** Wide Joint used with a more modern styled timber capping. There is also the option to fit panelling to studwork which not only conceals the pipework but also creates a useful shelf detail. This also allows insulation to be used between the studwork if desired. (Both these bathrooms use our 1200mm high panelling cut down as necessary).

**Above:** *Full Size Georgian Wide Joint* gives a light and airy feeling to this hallway.

**Right:** *Full Size Georgian Standard Joint* on a Vanessa Arbuthnott brochure cover.

**Below:** *Full Size Georgian Wide Joint* and Radiator Table.

*Joint detail*

*Standard Joint on 600mm wide panel*

*Wide Joint on 600mm wide panel*

**Georgian** is the easiest of our designs to run up staircases. Simply cut our **Full Size** or **Tall** sheets into parallelograms to suit the angle of your stairs.

# EDWARDIAN

(TALL OR SHORT)

The simple slim rectangles that feature in this design make it equally suitable for contemporary as well as more traditional spaces and can even provide a "Shaker" look through use of appropriate colours and a plain skirting board. Available in two heights, 800mm and 1200mm, but remember to allow for dado and skirting to calculate overall height.

**Left:**  
**Tall Edwardian**  
panels can add  
interest to the most  
boring of hallways!

**Right:** A customer  
sent us this lovely  
image of **Short**  
**Edwardian** used in  
their bedroom.

# REGENCY

(SHORT ONLY)

This design has a large “panel” size making it suitable for larger rooms. It gives a lovely feeling of space and helps to improve proportions in rooms with tall ceilings. As with all our open backed panel designs the square edged recesses can be made more ornate simply by adding our 9 x 20mm ogee beading. We sell this in 2.4m lengths but for Regency we are able to provide it pre-mitred to make the job even quicker!

**Right:** *Regency is available in just one size and is shown here with optional ogee beading for a more classical appearance.*

**Below:** *Regency (without the beading) was used on the front cover of The English Home magazine.*

# VICTORIAN

## (SHORT)

This design differs from Tall Victorian in one very important respect. The bottom rail of the frame is “missing” so that the panels can be “stacked” vertically up to the required height. This enables the entire wall to be panelled or alternatively just up to a picture rail as shown below. Use our 100 x 1200mm framing strips to complete the lowest rail. Short Victorian can also be used in a single row just up to dado rail but remember that the bottom rail will add 100mm to the 800mm panel height.

A similar look to this but with squares instead of rectangles can be obtained with our Jacobean panelling (see later).

**Above:** This office was panelled using two rows of **Short Victorian** which, together with the bottom rail, skirting and picture rail, gave an overall height of 185cm. Why not splash out on some tasteful wallpaper...you won't need much!

**Left:** **Short Victorian** in a spacious bathroom. Note the bottom rail increases the overall panel height to 900mm (plus skirting and dado).

# VICTORIAN

(TALL)

The taller version incorporates the bottom rail to give an overall height of 120cm (plus dado rail and your skirting board of course).

*Work in progress! This bay in the showroom was created by bonding the panels directly to the plasterboard wall.*

Here our **Simple Dado Rail** has been aligned flush with the top of the panels so that the amount of rail left showing (about 100mm) is the same as for all the other rails. The bottom rail of the panel has been tucked 60mm below the skirting for the same reason.

# JACOBEAN

(SMALL)

Ideal for creating the traditional English panelled study look but perfect also for where a feature wall is called for. As with Short Victorian, the bottom rail is "missing" so that the panels can be "stacked" vertically to the required height. Because they are square, the panels can also be used horizontally, making Jacobean possibly the easiest of the Open Backed designs to install. Pre-mitred beading sets are available for this design if a more ornate look is required.

**Above:** This customer used two rows of **Small Jacobean**, one placed vertically and one placed horizontally, to add the fourth square to the height. With picture rail, bottom framing strip and skirting this gave an overall height of 183cms. Note how they packed out the vertical end rails slightly to avoid the need to cut any of the squares. This is easy to do with an extra framing strip cut down to suit.

**Above: Small Jacobean**, used to great effect as a feature wall in a traditionally styled bathroom.

# JACOBEAN

(LARGE)

A scaled-up version of the Small Jacobean with larger recessed panels and thicker rails makes the Large Jacobean ideal for bigger rooms or where a less “busy” appearance is desired.

**Above:** Three rows of Large Jacobean, laid horizontally, have been fitted with our ogee beading to give a more solid classical statement in this room, which features heavy oak beams on the ceiling. Note that the panels have been built straight off the skirting rather than using a framing strip as the starter rail, an option that can be used to reduce overall height if necessary.

**Left:** Also note how this customer chose to cut down the panels at either end of the wall. This is ideal when there are an even number of squares, as there is no option to adapt the “centre square” instead. However the symmetry is retained and so this works very well.

# MOULDINGS

We do not supply Skirting boards as they come in a huge variety of shapes and sizes and are readily available from your local builder's merchant or DIY store. However good quality timber mouldings **are** harder to find so this is what we sell! Whilst high quality MDF is ideal for the panelling, we are not big fans of using it for our mouldings as a crisper and truer profile is possible using best quality Scandinavian Redwood instead.

## DADO RAILS

**DADO1** Deep Rebated Dado  
(39mm x 67mm h)

**DADO2** Simple Dado  
(26mm x 57mm h)

**DADO3** Shallow Rebated Dado  
(39mm x 67mm h)

Choose between face-fixed or sit-on (rebated) profiles. Although supplied in 2.4m lengths, we suggest you allow 2.0m of coverage per rail as mitring for corners will inevitably incur a wastage factor that needs to be allowed for.

**Above:** Any dado can be used with all of our designs although rebated is ideal for Georgian as it conceals the tops of all the grooves. Above we show that on Regency, for example, the panel can be used either way up and with different dados to give a choice of final finished heights. By using the deeper rail at the top with the dado fitted flush with the top edge, a lower overall height is obtained as the dado height is contained **within** the panel instead of **adding** approximately 50mm to it.

# MOULDINGS

## PICTURE RAILS

**Right:** The perfect way to finish off the top of panelling taken to picture rail height (this is usually around three quarters of the overall wall height). It also has the added benefit of providing a means of hanging pictures using traditional brass hooks!

## OGEE BEADING

A classic profile bead mould that can be used to create a more ornate panel detail on any of our Open Backed designs. It can also be used as a "stop" bead if required. Supplied in 2.4m lengths or in pre-mitred sets (of 4 pcs) for our Regency and Small Jacobean designs. 9 x 20mm wide.

**Left:** Application of beading to the inner edges of the panels can enhance the appearance by creating more of a classical look but it is not always necessary and it can always be added on afterwards if you are not sure.

**NB** With the pre-mitred option remember to order one set for each square!

# PRICE LIST

Prices are per piece and exclude VAT.

All sizes are in mm.

ALL panels are made from best quality Moisture Resistant MDF

## How do I calculate how many panels I need?

If you are just running a single row of panels (eg Georgian Tall) we suggest adding up the total number of linear metres you are covering and dividing that by the width of the panel. So to do a 10m run with Georgian Tall, for example, it would be 10 divided by 0.6 which would work out at 17 panels.

If you intend to cover most or all of a wall with panelling such as Short Victorian or Jacobean it is probably easier to work out the area in square metres and divide that figure by the area of the panel you are using (eg Short Victorian = 0.48 sq m).

We recommend allowing a wastage factor of about 5% for all designs. This will also assist with the setting out. Contact us if you need any advice on quantities.
