Smart Shower

At the forefront of smart technology, Roca's Smart Shower enables you to control and customise every aspect of your shower through the control panel or through an app, to enhance your luxury showering experience.

Fully customizable

Tell the Smart Shower how you want your daily shower to be. Indicate the temperature, the flow rate and water outlets and it will save your preferences in your app's profile and make your life easier.

Intuitive use

Its capacitive technology and the ergonomic design of its rotating controls make the Smart Shower very user-friendly. Moreover, as its buttons light up when touched, its use is very intuitive, even for children or the elderly.

Intuitive use

The control panel barely sticks out from the wall thanks to its 12 mm thick profile.

Self-cleaning

The Smart Shower has a cleaning program that activates all water outlets, releasing an intermittent high-pressure flow of water to remove lime and impurities, which build up in pipes and jets.

Smart Shower Valve	Smart Shower components in the box:				
 5A104AC00 £2,427.75	 Smart Shower	3 way electronic mixer 	Wi-Fi module (To connect the 3 Way electronic mixer to the mobile app) 	Plastic box to conceal in the wall, to house the Smart Shower panel. 	Power supply - 12V 
The main components above are included with the Smart Shower.
