# Lighting, Walls & Floors

When it comes to creating high impact in the bathroom, it's the details that make the biggest splash. Our Wall collection features items bursting with colour, patterns and textural interest, all designed to take the look of your bathroom to new heights.

You can inject touches of modernity with our new artisan and nature-inspired Aquafloor bathroom flooring, whilst our sustainable Aquawall panels create a seamless wall covering for bathrooms and kitchens.

What is bathroom zoning?

Light fittings are assigned an 'IP rating' which indicates how much protection they provide against ingress of water. The bathroom area is divided up into 'zones' 0-3 with each zone having a minimum IP requirement that must be met if a fitting is to be installed in this zone.

An introduction to Aquawall

Surface decoration offers an intriguing layer to a room design. The organic natural colour pallets of our Aquawall range is a perfect choice if you desire a clean finish, as the product requires no grout. They share the elegant V-groove that gives Aquawall its seamless and unique look and feel. Available in two sizes, the standard tiles and large format tiles, or XL wall panels, can be easily combined. Simply, choose the sizes and finishes that fits in with your dream bathroom design.

Features:

- 100% water resistant

- Easy connect tongue & groove installation

- Authentic joints without the grout

- UV resistant ensuring panels are colourfast

- Easy to clean
