

The Pollinator Partnership

NAPPC recommendations to help protect pollinators in your world:

1) Create Pollinator Habitats

- *Cultivate native plants especially those that provide nectar or larval food for pollinators*
- *Install houses for bats and nest boxes for native bees*
- *Supply salt/mineral licks for butterflies and water for all wildlife*

2) Reduce Pesticide Use

- *Use insecticides and herbicides only when no alternatives are available*
- *Practice IPM (Integrated Pest Management)*
- *Follow label directions, apply with caution, pay special attention to “bee toxicity” information*
- *Substitute flowerbeds for turf grass*

3) Minimize Your Environmental Impact

- *Buy at locally produced or organic food*
- *Walk, cycle, or use public transit – minimize your automobile and electricity use*
- *Reduce your consumption, reuse, and recycle*

4) Get Involved

- *Join Pollinator.org (NAPPC)*
- *Volunteer for pollinator-friendly organizations and garden groups*
- *Lift a shovel, sow seeds, develop natural areas for pollinators*
- *Vote! Make your voice heard for pollinators*

5) Enjoy Nature

- *Build your connection with the natural world by enjoying time outdoors*
- *Experience gardening, working with plants and animals, and scenic get-aways.*

Pollinators Need Your Help!

Your tax-deductible contribution to Coevolution Institute (www.coevolution.org or 415-362-1137) supports the **North American Pollinator Protection Campaign's** work for pollinators.
