Diva Daily Living encompasses a myriad of human engagements of Life. Our topics have no limits.

We do demand providing a safe space to hold for all survivors and loves needing healing, support and comfort.

We're here to remind you that YOU MATTER & you can CHOOSE LIFE TODAY.

We're misfits, weird, bizarre, strange, ignored & sorrowful at times.

We were bullied, abandoned, beaten, assaulted, destroyed & wounded to our core.

We ARE SURVIVORS: Here to stay, despite what THEY say. Kicking Life in the Teeth & Choosing it every day.

I am literally NOT here for me.

My creator put me here...

For you.
