

LOCAL 13796 August 2020 Notification

Nipsco employees that have chosen NOT to pay their union dues
(These people are freeloaders on your dues dollars.)

Name

Job Classification

Location

1.

**NOTHING TO REPORT
WE ARE 100% UNION**

PLEASE NOTE: At our September 17, 2014 membership meeting, a motion was made that if there ever is anything to report, this notice will be mailed to each member's home address on record, in addition to being posted on all Union bulletin boards. The motion was carried unanimously.

'Right to Work' has nothing to do with the right to work. It is a deceptive title thought up by politicians to deceive the public. The whole intent of 'Right to Work' is to weaken and destroy unions. What other organization do you know of that requires dues to support itself, but the government has made special laws to allow individuals to opt out of paying those dues, at the same time requiring that organization to provide the benefits as if they were paying?

POST ON ALL UNION BULLETIN BOARDS
