PATHWAYS

California Legal Advocacy & Survivor Referral Portfolio

ABA Listing 1 | Source-based working directory | October 2026

Important verification notice

This portfolio transcribes the organizations and contact information in the seven-page ABA Listing 1 supplied to Pathways. **All addresses, telephone numbers, emails, program names, and services must be independently confirmed before survivor-facing distribution.** The original file does not identify a publication date or provide current official websites. Inclusion does not establish that an organization is operating, accepts referrals, or offers free legal representation.

Survivor referral protocol

• Ask the survivor what legal help is needed (protective order, custody, housing, immigration, benefits, or another issue) and whether it is safe to call or leave messages.

• Confirm the provider's current intake number, service area, eligibility, fees, accessibility, language services, and availability before making a referral.

• Do not promise representation or disclose a survivor's personal information without informed consent. For immediate danger, use local emergency services.

• Record the date, staff member, official source, and result of each verification in Pathways' internal referral log.

Classification key

DV / family law candidate: organization name explicitly suggests domestic violence, restraining orders, or family law. **General legal aid / referral:** may be helpful depending on current scope. **Specialty / unclear:** service relevance requires screening. These labels are inferred from the source names, not verified descriptions of services.

Directory of organizations

Entries retain the order and wording of the uploaded ABA Listing 1. Source page shown for traceability. Status for every entry: PENDING CURRENT VERIFICATION.
