

# SIDDHARTHA PACKAGERS

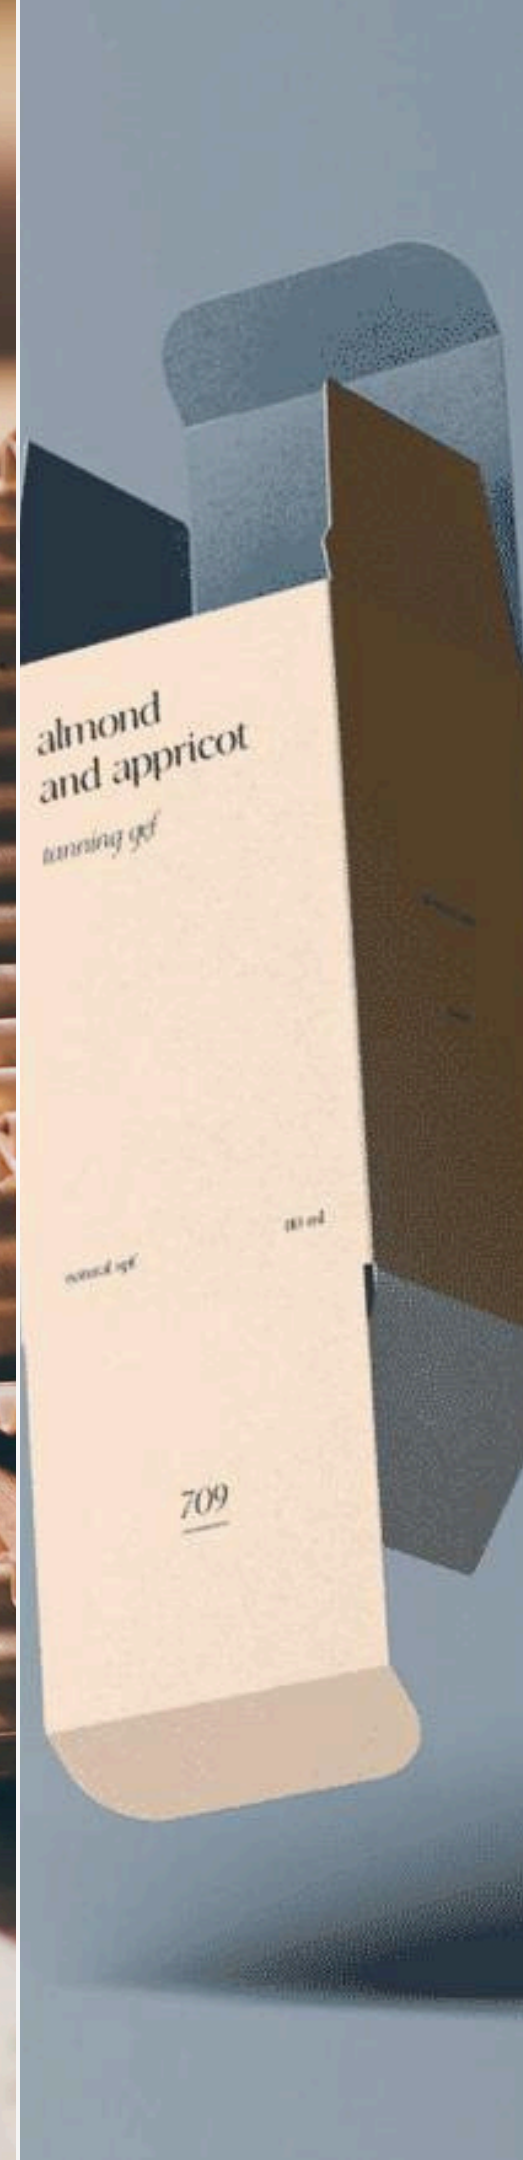

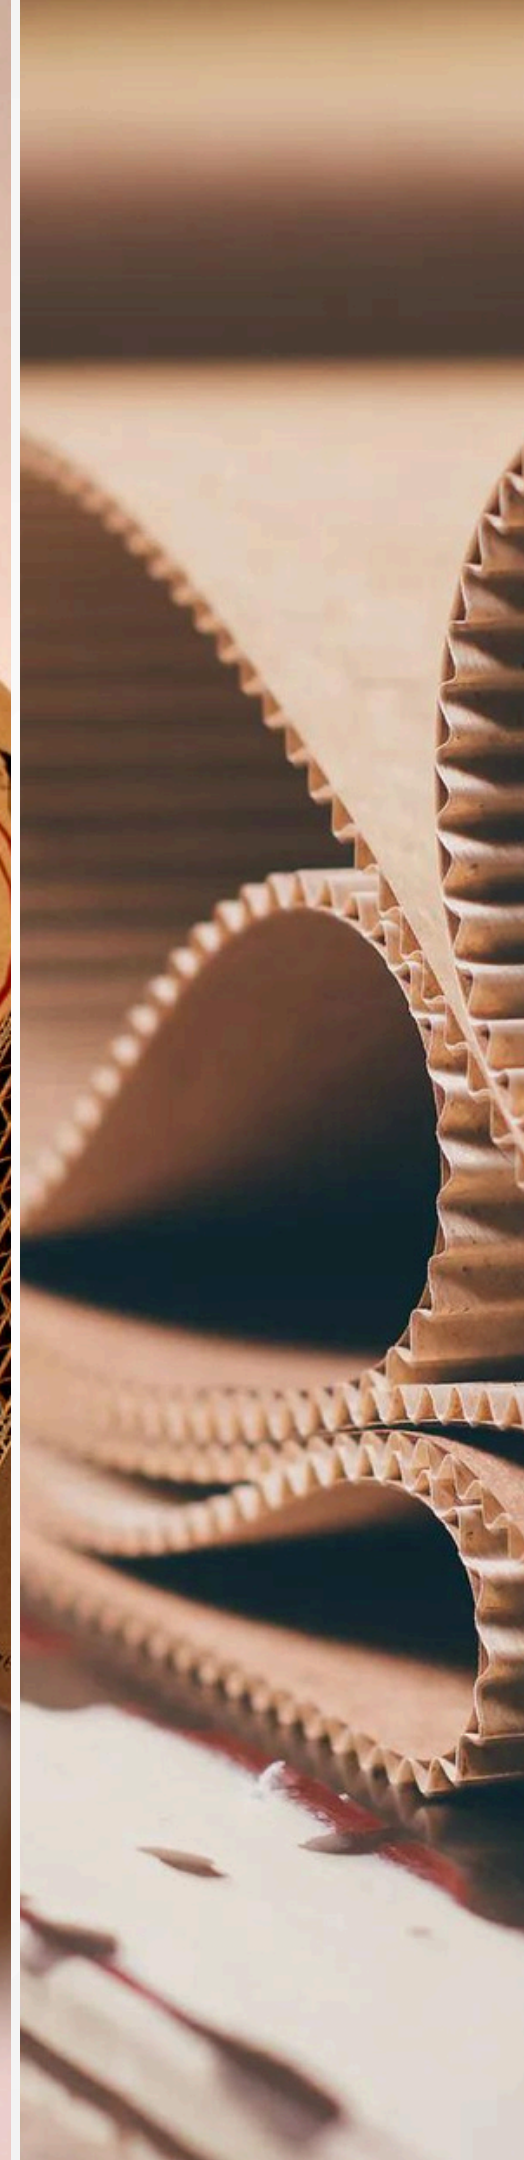

---

SINCE 1986

# OUR COMPANY

---

Siddhartha Packagers, your trusted partner in high-quality corrugated box manufacturing and offset printing solutions. With a steadfast commitment to excellence, we specialize in creating durable, custom-designed packaging that meets the diverse needs of our clients.

# OUR COMPANY HISTORY

---

Ingrained in the year 1986 by Mr. Navin Kumar Jain in Kanpur with a vision of establishing his own venture. The company has built a distinction for itself with quality products and customer satisfaction.

# OUR COMPANY VALUES

---

At Siddhartha Packagers, we uphold values of quality excellence, customer satisfaction, and innovation. We prioritize sustainability, adopting eco-friendly practices to reduce our carbon footprint. Integrity and reliability guide our transparent, ethical operations. Our success stems from teamwork and a collaborative work environment. We focus on building long-term relationships by understanding and meeting our clients' evolving needs. These core values ensure we remain a trusted, innovative, and responsible leader in the corrugated box manufacturing and offset printing industry.

# OUR **ENERGY STATEMENT**

---

At Siddhartha Packagers, our energy statement reflects our commitment to sustainability and efficiency. We are dedicated to optimizing energy use across all operations, integrating advanced technologies, and adopting best practices to minimize our environmental impact. We use soy-based ink for all our offset printing needs. Soy-based ink is made from renewable resources and are bio degradable.

# OUR QUALITY ASSURANCE

Our Quality Assurance is reinforced through rigorous testing parameters to ensure superior product standards. We implement a series of comprehensive tests, including:

1. **Bursting Factor Test:** To evaluate the strength and durability of our corrugated boxes.
2. **Moisture Test:** To ensure optimal moisture content in materials, preventing degradation and maintaining quality.
3. **Compression Test:** To confirm the boxes' ability to withstand pressure and protect contents.
4. **GSM of Paper:** To measure the paper weight and ensure consistency and reliability in our products.
5. **Gauge Measurement:** To verify the thickness and uniformity of materials used.
6. **Viscosity of the Pasting Gum:** To guarantee strong, secure bonds in our corrugated sheets.
7. **Temperature Controlled Corrugation Machine:** To maintain precise manufacturing conditions for consistent, high-quality output.

# **FSC CERTIFIED**

## **OUR COMMITMENT TO SUSTAINABILITY AND ETHICAL SOURCING**

---

At Siddhartha Packagers, we are proud to be FSC (Forest Stewardship Council) certified, reflecting our commitment to sustainable and responsible sourcing of materials. This certification ensures that our products are made from responsibly managed forests that provide environmental, social, and economic benefits.
