

BEDBUG PREPARTAION CHECKLIST

- Be sure to mention to the technician where you have seen bedbugs
- Mattress encasements should be removed from mattresses and box springs
- ALL** clothing and bedding must be laundered and/or dried for 1 hour on "HOT" setting
- Use plastic bags on trips to and from the laundry. Dispose after **each** use
- Have dresser drawers emptied for inspection and treatment
- Any stuffed animals or children's' toys must be washed and bagged before use
- Move furniture away from wall to provide access for treatment
- Vacuum as much as possible

NOTE

Following the steps above along with any other recommendations play an important role in eliminating a bed bug infestation.
